### Town of Collierville

December 21, 2018

To the Board of Mayor and Aldermen and Citizens of the Town of Collierville:

State law requires that all general-purpose local governments publish within six months of the close of each fiscal year a complete set of financial statements presented in conformity with accounting principles generally accepted in the United States of America (GAAP) and audited in accordance with auditing standards generally accepted in the United States of America by a firm of licensed certified public accountants. Pursuant to that requirement, we hereby issue the comprehensive annual financial report of the Town of Collierville (or the Town) for the fiscal year ended June 30, 2018.

This report consists of management's representations concerning the finances of the Town of Collierville. Consequently, management assumes full responsibility for the completeness and reliability of all of the information presented in this report. To provide a reasonable basis for making these representations, management of the Town of Collierville has established a comprehensive internal control framework that is designed both to protect the government's assets from loss, theft, or misuse and to compile sufficient reliable information for the preparation of the Town of Collierville's financial statements in conformity with GAAP. Because the cost of internal controls should not outweigh their benefits, the Town of Collierville's comprehensive framework of internal controls has been designed to provide reasonable rather than absolute assurance that the financial statements will be free from material misstatement. As management, we assert that, to the best of our knowledge and belief, this financial report is complete and reliable in all material respects.

The Town of Collierville's financial statements have been audited by Watkins Uiberall, PLLC, a firm of licensed certified public accountants. The goal of the independent audit was to provide reasonable assurance that the financial statements of the Town of Collierville for the fiscal year ended June 30, 2018, are free from material misstatement. The independent audit involved examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; assessing the accounting principles used and significant estimates made by management; and evaluating the overall financial statement presentation. The independent auditors concluded, based upon the audit, that there was a reasonable basis for rendering an unmodified opinion that the Town of Collierville's financial statements for the fiscal year ended June 30, 2018 are fairly presented in conformity with GAAP. The independent auditors' report is presented as the first component of the financial section of this report.

GAAP requires that management provide a narrative introduction, overview and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement MD&A and should be read in conjunction with it. The Town of Collierville's MD&A can be found immediately following the report of the independent auditors.

#### PROFILE OF THE GOVERNMENT

The Town of Collierville was first settled in 1835, incorporated in 1870, and is located in Shelby County, southeast of Memphis, Tennessee in the southwestern part of the state. Collierville is part of the most rapidly developing area of Shelby County. The Town of Collierville currently occupies a land area of 36.04 square miles and serves an estimated population of 51,214. The Town of Collierville is empowered to levy a property tax on both real and personal properties located within its boundaries. It also is empowered by state statute to extend its corporate limits by annexation, which occurs periodically when deemed appropriate by the Board of Mayor and Aldermen.

The Town of Collierville operates under a Private Acts Charter. The present charter was adopted in 2001. Collierville is a Mayor-Aldermanic/Town Administrator form of government. Policy-making and legislative authority are vested in a board consisting of the Mayor and five Aldermen. The board is responsible, among other things, for passing ordinances, adopting the budget, adopting the tax rate and setting fees, appointing boards and commissions, and appointing the Town Administrator and department heads. The Town Administrator is responsible for carrying out the policies and ordinances of the board and for overseeing the day-to-day operations of the Town. The board is elected on a non-partisan basis by popular vote and members serve four-year staggered terms. Elections occur every two years in November. The most recent election was in November 2018.

The Town of Collierville provides a full range of services, including police, fire, and paramedic services; the construction and maintenance of highways, streets, and other infrastructure; planning and zoning services; sanitation; recreational activities; library and cultural events. In addition, the Town operates a water and sewer utility system. It is reported as a proprietary fund in the Town's financial statements.

The Town of Collierville began operation of its own municipal school system in August 2014. In anticipation of funding a separate municipal school system for the Town, the citizens voted to increase the local option sales tax by one-half percent in August 2012. The municipal school system operates under the Town Charter and is considered a part of the Town's financial statements. The Collierville Board of Education provides educational services to students within the jurisdiction of the Town of Collierville and serves approximately 8,500 students. The Collierville Municipal School District was recently designated an Exemplary District by the Tennessee Department of Education in 2017.

The Memphis Light, Gas and Water Division of the City of Memphis provides electrical and natural gas distribution to the Collierville service area. These entities do not meet established criteria for inclusion in the reporting entity and are not included in the report.

The annual budget serves as the foundation for the Town of Collierville's financial planning and control. All departments of the Town of Collierville are required to submit requests for appropriations to the Town Administrator. The Town Administrator uses these requests as the starting point for developing a proposed budget. The Town Administrator then presents this proposed budget to the Board of Mayor and Aldermen at least 45 days before the beginning of the fiscal year. The board is required to hold a public hearing on the proposed budget and to adopt a final budget no later than June 30, the close of the Town of Collierville's fiscal year. The appropriated budget is prepared by fund, function (e.g., public safety), and department (e.g., police). The Town Administrator may make transfers of appropriations within a department. Transfers of appropriations between departments, however, require the approval of the Board of Mayor and Aldermen. Budget-to-actual comparisons are provided in this report for each individual governmental fund for which an appropriated annual budget has been adopted. For the general fund and general purpose school fund, this comparison is presented on pages 30-43 as part of the basic financial statements. For governmental funds with appropriated budgets,

other than the general fund and the general purpose school fund, the comparison is presented in the supplemental information subsection of this report, which starts on page 113.

#### LOCAL ECONOMY

The Town of Collierville's economy has transcended from a predominantly agricultural base into a diverse economic structure including manufacturing, distribution, service, trade, construction, finance, government and high technology. Following the overall economic slowdown of recent years, the rate of growth began to increase in 2014 and continued this trend in 2018. The Town's economy is expected to continue to expand as new businesses locate in the area. Existing businesses and industries continue to identify and establish properties available for further expansion and development.

Commercial development potential in the Town remains strong with 21 new commercial permits valued at \$37,482,096 and another 74 permits for additions to existing buildings valued at \$12,208,378. Collierville's strong residential base continues to drive a variety of projects in the community. The new \$93,485,000 Collierville High School completed construction and opened for the 2018/2019 school year. Mueller Industries, a Fortune 1000 manufacturer and marketer of HVAC, plumbing and industrial piping products, will move into their new 52,000 square foot world headquarters in late 2018. This \$15,000,000 capital investment in Collierville will bring over 170 professionals to our community. Dunavant Enterprises has begun construction on the first two of their planned seven, 50,000 square foot flex warehouse units. This industrial activity is taking place at the strategic I-269 / SR-385 / US 72 crossroads. Pimento's, Salsarita's, Freddy's, U-Haul, The Collierville Commissary, Raven & Lily, P O Press, Lost Pizza Company and the BBQ Shop, all brought new retail product to our Town in 2018. Additionally, Fairfield Inn & Suites and Holiday Inn Express are constructing new lodging options, opening early 2019.

The 2010 federal census put the Town's population at 43,965. In December 2011, the Town annexed a portion of its reserve area, which increased the population to 45,550. The Town's population is currently estimated to be approximately 51,214. The growth in population is reflected in the increase of building permits for single family homes. There were 131 permits in fiscal year 2014 valued at \$46,095,170; 150 in 2015 valued at \$53,253,800; 173 in 2016 valued at \$61,356,693; 199 in 2017 valued at \$75,451,270 and 161 in 2018 valued at \$60,794,891. Additions to existing homes continues to show improvement with 226 in 2014; 233 in 2015; 228 in 2016 and 244 in 2017. In 2018 there were 265 additions valued at \$5,244,887.

#### LONG-TERM FINANCIAL PLANNING

Previous to fiscal 2009, the Town had seven years of operating surpluses, increasing total general fund balance to \$26.14 million or 67.3% of annual revenues and unassigned fund balance to \$16.13 million or 41.5% of annual revenues. With the downturn in the national, state and local economy, the Town's financial position remained strong despite decreases in General Fund fund balance in fiscal 2009 and 2010. This was accomplished with prudent financial management, solid reserves, and a formalized fund balance policy which requires reserves equal to 25% of annual operating expenses. This fund balance policy has allowed the Town to maintain adequate levels of reserve funds for emergencies and cash flow management. In fiscal 2014 the fund balance increased \$5,823,934 and in fiscal 2015, fund balance decreased \$946,586 due to transfers to the Town's municipal school system for start-up costs. In fiscal 2016 the fund balance increased \$11,570,253 due to a debt issuance and also the Town's revenue increases in property tax and sales tax revenue while expenditures remained relatively stable. In fiscal year 2017 and 2018 the fund balance increased \$4,158,469 and \$5,232,813 respectively. The 2018 increase is attributed to revenue exceeding budget by 7% and expenditures remaining flat compared to 2017. The increase in fund balance is largely reflected in the increase in amounts assigned to capital projects. The Town of Collierville holds the highest possible bond rating from Moody's Investors Service, Aaa.

Part of the Town's long-range financial plan is to provide retirement and post-employment benefits to employees. The Town provides three retirement plans to full-time employees. During FY 2007, the Town created a defined benefit pension plan to be administered by the Town. The Town's actuarially determined rate for the current fiscal year was 12.54% of payroll. The other two plans include a defined contribution plan for employees employed prior to June 30, 1994, and a defined benefit plan for employees hired after June 30, 1994. The Town funds the defined contribution plan at 9% of total compensation of the employee. The Town is required to contribute at an actuarially determined rate to the defined benefit plan which is administered by the Tennessee Consolidated Retirement System (TCRS). The municipal school system's employees participate in plans administered by TCRS. There are currently four TCRS plans in which the school system's employees participate based on their original membership date.

The Town of Collierville also provides post-employment health benefits for certain retirees and their dependents. The Town began funding this liability in FY 2008 in a trust. Additional information on the Town of Collierville's pension arrangements and post-employment benefits can be found in Notes 12, 13 and 14 in the notes to the financial statements.

Planning and review of the FY 2019 budget began in December 2017. The budget was reflective of the recovery the Town has been experiencing since the end of the recession. Decisions Town leaders made during the recession, which included the elimination of positions, a moratorium on salary increases, and a property tax hike, were difficult. But, the decisions proved to be prudent in aiding the Town in replenishing fund balance reserves and returning to pre-recession staffing levels. The FY 2016 budget included a property tax rate increase of \$.25 per \$100 of assessed valuation to help fund the debt service for the general obligation bond issuance associated with the construction of the Town's new high school. There was no property tax increase in the FY 2017 budget and the property tax rate was adjusted down \$.15 per \$100 for FY 2018 due to the property reappraisal that occurs every four years. This adjustment is necessary for reappraisal years so property reappraisals are a revenue-neutral event. In preparing the FY 2019 budget the decision was made to increase the property tax rate by \$.20 per \$100 of assessed valuation for operational purposes and to help offset the reduction is some state revenue sources. In FY 2018 there were three full-time positions added and one part-time position and for FY 2019 there were two new patrol officers added in the Police Department.

#### **MAJOR INITIATIVES**

To keep pace with the transportation needs of the growing population of residents and businesses, over the past five years the Town allocated over \$20.1 million for design and construction of road projects, along with several other intersection and roadway improvements within the Town's interior. These projects have helped to improve traffic flow and the livability of the entire community.

In our Historic Downtown, the Town continues implementation of the Downtown Development Plan that was adopted in 2010. Major milestones included the award of a \$756,000 grant from the State of Tennessee for phase 1 of the Collierville Center Connect project and an additional award for phase 2 of \$880,000, which includes significant road and streetscape improvements to Center Street. Center Street is one of the Town's more significant gateways to Downtown from Highway 72. Construction began on both phases, being constructed simultaneously, in late summer of 2018 and is expected to be completed in 2019.

In August of 2017 the Town received a \$2.2 million Disaster Recovery Community Development Block Grant for various drainage projects in the downtown area. These projects are currently under construction and should be completed by February 2019. The drainage improvements include new drainage pipes, a box culvert, new drainage inlets and ditch construction and landscaping.

In October 2015 the Town issued \$93.4 million in general obligation bonds to fund the construction of a new high school. The new high school is designed to accommodate a 3,000 student population. Construction began in 2016 and was completed in time for the 2018/2019 school year.

The Town secured \$1,164,696 of federal funds through the Memphis Metropolitan Planning Organization (MPO) to obtain a consultant to complete the environmental and design phases for the widening of SR 175 (Shelby Drive) between Jasper Park Lane and Shelby Post Road. This work will begin in late 2018 and estimated to be completed in 2020.

#### AWARDS AND ACKNOWLEDGEMENTS

The Government Finance Officers Association (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the Town of Collierville for its comprehensive annual financial report (CAFR) for the fiscal year ended June 30, 2017. This was the twenty-seventh year that the government has received this prestigious award. In order to be awarded a Certificate of Achievement, the government published an easily readable and efficiently organized CAFR. This report satisfied both GAAP and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe that our current CAFR continues to meet the Certificate of Achievement Program's requirements, and we are submitting it to the GFOA to determine its eligibility for another certificate. In addition, the government also received the GFOA's Distinguished Budget Presentation Award for its annual budget document for the fiscal year beginning July 1, 2017. This was the twenty-first year that the government has received this award. In order to qualify for the Distinguished Budget Presentation Award, the government's budget document was judged to be proficient in several categories, including as a policy document, a financial plan, an operations guide, and a communications device.

The preparation of this report would not have been possible without the dedicated services of the entire staff of the finance and administration departments, various other departments who provided required information for the report, and the Town's independent public accountants, Watkins Uiberall, PLLC. We would like to express our appreciation to all who assisted and contributed to the preparation of this report. Credit also must be given to the Board of Mayor and Aldermen for their unfailing support and for maintaining the highest standards of professionalism in the management of the Town of Collierville's finances.

Respectfully submitted,

Mlly\_

#### INDEPENDENT AUDITOR'S REPORT

To the Mayor and Board of Aldermen of the Town of Collierville, Tennessee:

#### **Report on the Financial Statements**

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, the statements of budgetary comparison for the general fund and general purpose school fund, and the aggregate remaining fund information of the Town of Collierville, Tennessee, (the "Town") as of and for the year ended June 30, 2018, and the related notes to the financial statements, which collectively comprise the Town's basic financial statements as listed in the table of contents.

### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

#### **Auditor's Responsibility**

Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of Collierville Schools (the "Schools"), which include the general purpose school fund and the education capital projects fund #177, each a major fund, and the remaining funds of the School. The School funds are presented as special revenue funds in the financial statements of the Town and represent 37.5 percent, 54.1 percent, and 76.6 percent, respectively, of the assets, net position, and revenues of the governmental activities. Those financial statements were audited by other auditors whose report thereon has been furnished to us, and our opinion, insofar as it related to the amounts included for the School, is based on the report of the other auditors. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of

accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

#### **Opinions**

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, the statements of budgetary comparison for the general fund and general purpose school fund, and the aggregate remaining fund information of the Town of Collierville, Tennessee, as of June 30, 2018, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

### **Change in Accounting Principle**

The Town of Collierville, Tennessee has adopted the provisions of Governmental Accounting Standards Board ("GASB") Statement No. 75, Accounting and *Financial Reporting for Postemployment Benefits Other Than Pensions*, in the fiscal year ended June 30, 2018. Our opinion is not modified with respect to this matter.

### **Emphasis of a Matter**

We draw attention to Note 1E to the financial statements, which describes a restatement decreasing the beginning Governmental Activities net position by \$3,615,829 and increasing the beginning Business-Type Activities net position by \$185,659 on the Government-wide Statement of Activities. This restatement was necessary because of the transitional requirement of GASB Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*. Our opinion is not modified with respect to this matter.

#### **Other Matters**

#### Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and required supplementary information as listed in the table of contents be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

#### Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Town of Collierville's basic financial statements. The introductory section, combining and individual fund financial statements and schedules, supporting schedules, and statistical information section, are presented for purposes of additional analysis and are not a required part of the financial statements. The schedule of expenditures of federal awards and state financial assistance, as presented in the government auditing standards section, is presented for purposes of additional analysis as required by Title 2 U.S. Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, and is also not a required part of the basic financial statements.

The combining and individual fund financial statements and schedules, and the schedule of expenditures of federal awards and state financial assistance are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual fund financial statements and schedules and the schedule of expenditures of federal awards and state financial assistance are fairly stated in all material respects in relation to the basic financial statements as a whole.

The introductory section, supporting schedules, and statistical section have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

### Other Reporting Required by Government Auditing Standards

Worthing Wilmall, PLLC

In accordance with *Government Auditing Standards*, we have also issued our report dated December 21, 2018 on our consideration of the Town of Collierville's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Town of ColliervilleTown of Collierville's internal control over financial reporting and compliance.

Memphis, Tennessee December 21, 2018

For the Year Ended June 30, 2018

As management of the Town of Collierville, we offer readers of the Town of Collierville's financial statements this narrative overview and analysis of the financial activities of the Town of Collierville for the fiscal year ended June 30, 2018. We encourage readers to consider the information presented here in conjunction with additional information that we have furnished in our letter of transmittal, which can be found on pages 1-5 of this report. All amounts, unless otherwise indicated, are expressed in thousands of dollars.

#### **Financial Highlights**

- The assets and deferred outflows of resources of the Town of Collierville exceeded its liabilities and deferred inflows of resources at the close of the most recent fiscal year by \$433,884 (reported as *net position*). Of this amount, \$88,612 (reported as *unrestricted net position*) may be used to meet the government's ongoing obligations to citizens and creditors.
- The government's total net position increased by \$21,331. This increase is attributable to revenue exceeding expenses.
- As of the close of the current fiscal year, the Town of Collierville's governmental funds reported combined ending fund balances of \$79,948, a decrease of \$39,782 in comparison with the prior year. This decrease is due to the utilization of bond proceeds in the construction of the new high school. Approximately 27 percent of this total amount, \$21,778 is *unassigned fund balance*, 12 percent is *restricted fund balance*, 55 percent is assigned fund balance, 3 percent is *committed fund balance* and 3 percent is *non-spendable fund balance*.
- At the end of the current fiscal year, unassigned fund balance for the general fund was \$21,778 or 42 percent of the total general fund expenditures.
- The Town of Collierville's total debt principal decreased by \$6,200 (4 percent) during the current fiscal year.

#### **Overview of the Financial Statements**

This discussion and analysis is intended to serve as an introduction to the Town of Collierville's basic financial statements. The Town of Collierville's basic financial statements comprise three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

**Government-wide financial statements.** The *government-wide financial statements* are designed to provide readers with a broad overview of the Town of Collierville's finances, in a manner similar to a private-sector business.

The *statement of net position* presents information on all of the Town of Collierville's assets, deferred outflows of resources, liabilities, and deferred inflows of resources with the difference reported as *net position*. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the Town of Collierville is improving or deteriorating.

The *statement of activities* presents information showing how the government's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, *regardless of the timing of related cash flows*. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave).

For the Year Ended June 30, 2018

Both of the government-wide financial statements distinguish functions of the Town of Collierville that are principally supported by taxes and intergovernmental revenues (*governmental activities*) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (*business-type activities*). The governmental activities of the Town of Collierville include legislative, general government, education, roads and public works, public safety, sanitation, library, culture and recreation, and drug fund. The business-type activity of the Town of Collierville is a water and sewer utility operation.

The government-wide financial statements include only the Town of Collierville itself (known as the *primary government*). The Town operates a water and sewer utility system. It is reported as a proprietary fund in the Town's financial statements.

The government-wide financial statements can be found on pages 24-25 of this report.

**Fund financial statements.** A *fund* is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The Town of Collierville, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the Town of Collierville can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

Governmental funds. Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements focus on near-term inflows, outflows of spendable resources, and balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for *governmental funds* with similar information presented for *governmental activities* in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between *governmental funds* and *governmental activities*.

The Town of Collierville maintains fifteen individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the general fund, the general purpose school fund, CIP funds 321 and 337, and the educational CIP fund 177. Data from the other ten governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these non-major governmental funds is provided in the form of *combining statements* elsewhere in this report.

The Town of Collierville adopts an annual appropriated budget for its general fund and the general purpose school fund. Budgetary comparison statements have been provided for these funds to demonstrate compliance with this budget. The basic governmental fund financial statements can be found on pages 26-43 of this report.

For the Year Ended June 30, 2018

**Proprietary funds.** Enterprise funds are used to report the same functions presented as business-type activities in the government-wide financial statements. The Town of Collierville uses an enterprise fund to account for its water and sewer operation.

Proprietary fund statements provide the same type of information as the government-wide financial statements, only in more detail. The proprietary fund financial statements provide separate information for the water and sewer operation which is considered to be a major fund of the Town of Collierville. The basic proprietary fund financial statements can be found on pages 44-46 of this report.

Fiduciary funds. The Town of Collierville maintains four fiduciary funds. Fiduciary funds account for assets held in a trustee capacity or as an agent for individuals. The Town of Collierville uses a fiduciary fund to account for the activities and accumulation of resources for payments to qualified participants and investments held by external organizations. The pension plan fund accounts for transactions related to the Town-sponsored defined benefit pension plan. The two OPEB funds account for transactions related solely to retiree group medical benefits for the Town and school. The student activity fund accounts for all money received from any source for school-sponsored student activities or school-sponsored events held at or in connection with a school. The basic fiduciary fund financial statements can be found on pages 47-48 of this report.

**Notes to the financial statements.** The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found on pages 49-91 of this report.

**Other information.** In addition to the basic financial statements and accompanying notes, this report also presents certain *required supplementary information* concerning the Town of Collierville's progress in funding its obligation to provide pension and other post-employment benefits to its employees. Required supplementary information can be found on pages 92-110 of this report.

The combining statements referred to earlier in connection with non-major governmental funds are presented immediately following the required supplementary information. Combining and individual fund statements and schedules can be found on pages 111-128 of this report.

#### **Government-wide Financial Analysis**

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. In the case of the Town of Collierville, assets and deferred outflows of resources exceeded liabilities and deferred inflows by \$433,884 (*reported as net position*) at the close of the most recent fiscal year.

By far the largest portion of the Town of Collierville's net position (73 percent) reflects its investment in capital assets (e.g., land, buildings, machinery, and equipment), less any related debt used to acquire those assets that is still outstanding. The Town of Collierville uses these capital assets to provide services to citizens; consequently, these assets are *not* available for future spending. Although the Town of Collierville's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

For the Year Ended June 30, 2018

An additional portion of the Town of Collierville's net position (6 percent) represents resources that are subject to external restrictions on how they may be used. The remaining balance of \$88,612 represents *unrestricted net position* and may be used to meet the government's ongoing obligations to citizens and creditors.

| Total net position                | \$<br>325,007 | \$   | 307,021 | \$<br>108,877 | \$     | 105,532 | \$ | 433,884 | \$   | 412,553 |

At the end of the current fiscal year, the Town of Collierville is able to report positive balances in all three categories of net position, both for the government as a whole, as well as for its separate governmental and business-type activities. The government's net position increased by \$21,331 during the current fiscal year. The increase is attributed to revenues exceeding expenditures with revenue increases in categories including sales tax, operating grants/contributions, state income tax and interest on investments.

For the Year Ended June 30, 2018

Governmental activities. Governmental activities increased the Town of Collierville's net position by \$17,986. This increase is attributable to revenue exceeding expenses. General revenue categories were reorganized to better align with their revenue sources. While the chart above discloses a decrease in property tax, this is due to the regrouping of accounts. Comparing prior year to current year with the new groupings, property tax increased \$628 or 1.2% and local option sales tax increased \$1,478 or 6%. Overall, revenue increased \$5,858 with increases of \$162 in business, cable tv, and hotel-motel taxes and \$51 wholesale liquor and beer taxes due to an improved economic climate. Operating grants and contributions increased \$4,074 predominately related to the general purpose school fund. Interest on investments also increased \$202. Overall, expenditures increased \$3,076 and is largely attributed the increase in in education expenditures in the school system's fourth full year of operation.

**Business-type activities.** Business-type activities increased the Town of Collierville's net position by \$3,345. This increase is due to revenues exceeding expenses by \$3,159 and transfers of \$819 resulting in on overall increase to net position. This amount of increase is consistent with prior years with an increase in fiscal year 2017 and 2016 of \$2,662 and \$4,185 respectively, and also consistent with the water usage projections from our 2012 rate study.

For the Year Ended June 30, 2018

#### **Financial Analysis of the Government's Funds**

As noted earlier, the Town of Collierville uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

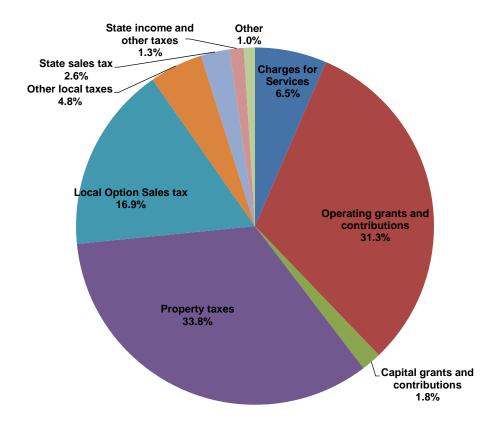

Governmental funds. The focus of the Town of Collierville's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the Town of Collierville's financing requirements. In particular, unassigned fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

As of the end of the current fiscal year, the Town of Collierville's governmental funds reported combined ending fund balances of \$79,948 a decrease of \$39,782 in comparison with the prior year. The *unassigned fund balance* of \$21,778 is 27 percent of the total. The remainder of fund balance is not available for new spending because it is either non-spendable or has been restricted, committed, or assigned for certain purposes. The assigned amount of \$43,692 represents funds which the Board of Mayor and Aldermen has assigned for specific purposes. The unassigned portion includes an amount equal to 25 percent of budgeted expenses in general fund to comply with a policy of the board to maintain as an operating reserve. More details of the fund balances can be found in Note (11) of this report.

For the Year Ended June 30, 2018

#### **Revenues by Source – Governmental Activities**

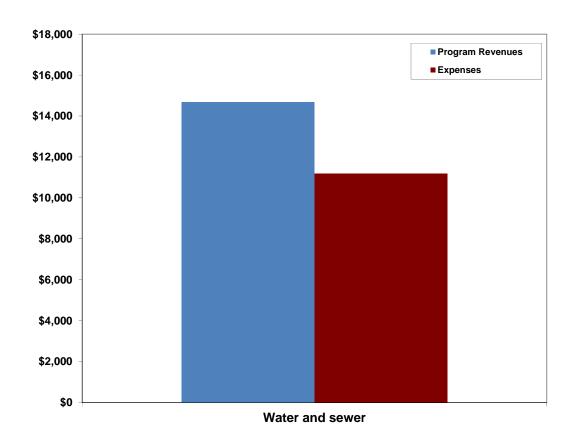

The general fund is the chief operating fund of the Town of Collierville. At the end of the current fiscal year, unassigned fund balance of the general fund was \$21,778 while total fund balance was \$56,801. As a measure of the general fund's liquidity, it may be useful to compare both unassigned fund balance and total fund balance to total fund expenditure. Unassigned fund balance represents 42 percent of total general fund expenditures, while total fund balance represents 110 percent of that same amount.

The fund balance of the Town of Collierville's general fund increased by \$5,233 during the current fiscal year. The increase is attributed to revenue increases in property tax, sales tax revenue and licenses and permits while expenditures remained relatively stable with an overall decrease of \$811. While the general purpose school fund had revenues that exceeded expenditures, the fund balance of the general purpose school fund decreased \$7,697 and is attributed to construction of the new high school. The fund balance for the Capital Projects Fund #337 decreased by \$33,316 due to the utilization of bond proceeds for the construction of the new high school. Other governmental funds fund balances decreased by \$3,371. This decrease is due to the utilization of bond proceeds from a prior year bond issuance for various capital projects.

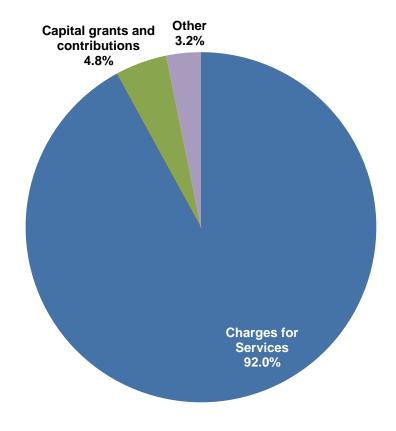

For the Year Ended June 30, 2018

### Expenses and Program Revenues – Business-type Activities

For the Year Ended June 30, 2018

#### **Revenues by Source – Business-type Activities**

**Proprietary funds.** The Town of Collierville's proprietary fund provides the same type of information found in the government-wide financial statements, but in more detail.

Unrestricted net position of the water and sewer operation at the end of the year amounted to \$24,580. Other factors concerning the finances of this fund have already been addressed in the discussion of the Town of Collierville's business-type activities.

### **General Fund Budgetary Highlights**

The original appropriations were amended by \$424. The main components of the increase were:

- \$30 appropriation for a drainage project
- \$10 appropriation for sidewalk repairs
- \$50 appropriation for animal shelter supplies
- \$60 appropriation related to capital expenditures

The total positive variance of \$3,853 between final budget and actual revenues includes negative variances of \$60 in property taxes. The decrease in property taxes is a result of the decrease in the property tax rate in this reappraisal year. Positive variances of \$137 in licenses and permits, \$1,062 in local taxes, \$544 intergovernmental and \$184 in charges for services can be attributed to an improving economic climate in

For the Year Ended June 30, 2018

Fiscal Year 2018. Positive variances also include \$514 in interest on investments and \$33 in other revenue. The \$1,263 increase in contribution is due to grant receipts.

Of the total positive variance of \$3,709 between final budget and actual expenditures, \$1,642 was in general government, \$529 in roads and public works, \$1,214 in public safety, \$228 in culture and recreation, and \$89 was in capital expenditures. These variances are attributed to conservative spending.

#### **Capital Asset and Debt Administration**

Capital assets. The Town of Collierville's investment in capital assets for its governmental and business-type activities as of June 30, 2018, amounts to \$463,639 (net of accumulated depreciation). This investment in capital assets includes land, buildings and system, improvements, machinery and equipment, park facilities, roads, highways, and bridges. The total increase in the Town of Collierville's investment in capital assets for the current fiscal year was \$55,878 or 14 percent. The increase for governmental activities was \$55,431 or 17 percent and the decrease for business-type activities was \$447 or less than 1 percent.

Major capital asset events during the current fiscal year included the following:

- Governmental activities assets acquired during the year amounted to \$70,916. This amount includes \$5,034 related to streets and drainage construction at Shelby Drive and Sycamore Road, which was still in process at fiscal year-end. Also included were additions of \$693 for the Linda Kerley Center project, a senior citizen recreational center.
- School system projects included \$47,740 related to the construction of the new high school. This project is in progress.
- Additions to water and sewer capital assets included capital improvement projects to distribution and collection systems of \$3,109. Expenditures for infrastructure totaled \$1,110.
- Transfers from construction-in-progress include the addition of a fire ladder truck for \$1,371 and completion of the CAD/RMS dispatch system for \$1,417.
- For governmental activities new equipment purchases totaled \$7,860.

**Long-term debt.** At the end of the current fiscal year, the Town of Collierville had total debt outstanding of \$135,535. Of this amount, \$117,630 comprises debt backed by the full faith and credit of the government.

The Town of Collierville's total debt principal decreased by \$4,540 during the current fiscal year. The Town of Collierville has no legal debt limit. The Town maintains a rating of Aaa on all its outstanding debt as designated by Moody's Investor's Service. Additional information on the Town of Collierville's long-term debt can be found in Note (8) of this report.

### **Economic Factors and New Year's Budget and Rates**

- The unemployment rate for the Memphis metropolitan statistical area (MSA) in October 2018 was 4.4 percent compared to the national rate of 3.7 percent. The Town of Collierville's unemployment rate of 3.1 percent was considerably lower than that of the larger MSA and lower than the national rate as well.
- The number of permits for commercial development issued in fiscal year 2018 was 21 with a total valuation of \$37,482. This is an increase in the number of permits over fiscal year 2017 when 14 commercial permits were issued with a valuation of \$119,845. Residential permits issued in 2018 totaled 161 compared to 199 in fiscal year 2017. The total residential permit valuation in 2018 was \$60,795 compared to \$75,451 in fiscal year 2017.
- The creation of the Collierville Schools municipal school system is expected to have a positive impact on development within the Town of Collierville in the coming years. In fiscal year 2016, the Town of Collierville issued bonds to construct a new high school and the construction was completed for the beginning of the 2018/2019 school year.
- The value of real property increased by 1.7 percent.
- Local option sales tax revenue is monitored on a monthly basis. Revenue increased by 11% year-to-date for the first five months of fiscal year 2018.
- The property tax rate was adjusted to \$1.83 per \$100 assessed valuation for fiscal year 2019 budget for operational purposes and to offset the reduction of some state revenue sources.
- The total Town of Collierville budget increased approximately \$13,035 representing a 8.3% increase with the revenue budget projected to increase \$9,424 or 5.5% based on the estimated fiscal year 2018 ending budget.
- The Town of Collierville has considered the current economic trends while working with fiscal year 2019 budget. The Town projects a budget with increases in revenue and expenditures with revenues projected to exceed expenditures by approximately \$7,928.

For the Year Ended June 30, 2018

The Town of Collierville staff is closely monitoring the annual budget, as well as the local and national economies, to ensure that the Town takes appropriate corrective action to maintain service levels, meet Board goals, which include ensuring long-term financial stability and compliance with all laws and regulation.

### **Requests for Information**

This financial report is designed to provide a general overview of the Town of Collierville's finances for all those with an interest in the government's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the Office of the Finance Director, 500 Poplar View Parkway, Collierville, Tennessee, 38017.

# TOWN OF COLLIERVILLE, TENNESSEE RECONCILIATION OF THE BALANCE SHEET OF GOVERNMENTAL FUNDS TO THE STATEMENT OF NET POSITION

June 30, 2018

| Total fund balances, governmental funds  |               | \$ 79,947,818  |
|--|---------------|----------------|
| Amounts reported for governmental activities in the statement of net position are different because:   |               |                |
| (1) Capital assets used in governmental activities are not financial resources and, therefore, are not reported in the funds.  |               |                |
| Add: governmental funds capital assets   | 490,447,049   |                |
| Less: accumulated depreciation   | (118,564,802) | 371,882,247    |
| (2) Other long-term assets are not available to pay for current-period expenditures and, therefore, are unearned or unavailable in the funds.  |               | 3,030,677      |
| (3) Long-term debt is not due and payable in the current period and, therefore, is not reported in the funds.  |               |                |
| Less: bonds payable  | (119,290,421) |                |
| Less: settlement obligation, net of unamortized discount   | (3,741,777)   |                |
| Less: unamortized premiums (discounts) on bonds payable  | (6,699,148)   |                |
| Add: deferred amount on refunding  | 1,121,916     | (128,609,430)  |
| (4) Accrued (prepaid) interest on long-term liabilities and other long-term liabilities are not due and payable in the current period and, therefore, are not reported in the funds.   |               |                |
| Less: accrued (prepaid) interest   | (2,035,660)   |                |
| Less: compensated absences payable   | (1,904,923)   | (3,940,583)    |
| (5) Pension assets (liabilities) and other postemployment benefit (OPEB) liabilities result from the excess (deficiency) of trust assets over (under) total pension and OPEB liabilities. The amounts are not available for use in the current period; therefore, are not reported in the funds. |               |                |
| Add: net pension asset   | 2,912,806     |                |
| Add: net OPEB asset  | 4,632,039     |                |
| Less: net pension liability  | (2,914,964)   |                |
| Less: net OPEB liability   | (6,510,966)   | (1,881,085)    |
| (6) Amounts reported as deferred outflows of resources and deferred inflows of<br>resources related to pensions and OPEB will be amortized and recognized as<br>components of pension and OPEB expense in future years.  |               |                |
| Add: deferred outflows of resources related to pensions  | 14,818,682    |                |
| Add: deferred outflows of resources related to OPEB  | 140,985       |                |
| Less: deferred inflows of resources related to pensions  | (8,481,946)   |                |
| Less: deferred inflows of resources related to OPEB  | (1,900,270)   | 4,577,451      |
| Net position of governmental activities  |               | \$ 325,007,095 |

### TOWN OF COLLIERVILLE, TENNESSEE NOTES TO FINANCIAL STATEMENTS

June 30, 2018

#### NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

#### A. Reporting Entity

The Town of Collierville, Tennessee (the "Town") is a municipal corporation governed by an elected mayor and five-member Board of Aldermen. The Executive Branch is organized into the following departments: Administration, Mayor, Finance, Education, Police, Fire, Parks and Recreation, Public Works, Planning and Economic Development, Code Enforcement, General Services, Engineering, and Utilities.

The financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America ("GAAP") as codified by the Governmental Accounting Standards Board ("GASB"). The financial statements present the government and its component units, entities for which the government is considered to be financially accountable. However, currently there are no component units. The financial statements of the Town included the financial statements of Collierville Schools (the "Schools"). The Town has determined that the School's general purpose school fund, education capital projects fund #177, federal projects fund, nutrition fund, and discretionary grants fund represent special revenue funds of the Town, the School's OPEB trust fund represents a fiduciary fund of the Town and the School's student activity funds are an agency fund of the Town.

The Town's officials are responsible for appointing the members of the boards of other organizations; however, the Town's accountability for these organizations does not extend beyond making appointments. There were no material transactions with these organizations during the year ended June 30, 2018.

#### **B.** Basis of Presentation

Government-Wide Financial Statements

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the nonfiduciary activities of the primary government and are designed to provide readers with a broad overview of the Town's finances, in a manner similar to private-sector business. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support. Certain eliminations have been made in regards to interfund activities, payables, and receivables. All internal balances in the statement of net position have been eliminated except those representing balances between the governmental activities and business type activities, which are presented as internal balances and eliminated in the total primary government column. In the statement of activities, those transactions between governmental and business-type activities have not been eliminated.

The statement of net position presents information on all the Town's assets, deferred outflows of resources, liabilities, deferred inflows of resources, with the differences presented as net position. Net position is reported as one of three categories: net investment in capital assets, restricted, or unrestricted. Restricted net position is further classified as either net position restricted by enabling legislation or net position that is otherwise restricted.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

#### Fund Financial Statements

Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements. The activities of the government are organized into funds, each of which are considered to be separate entities. Each fund is accounted for by providing a set of self-balancing accounts which constitute its assets, deferred outflows of resources, liabilities, deferred inflows of resources, fund balance, revenues, and expenditures/expenses. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

The Town has presented all major funds that met the quantitative or qualitative qualifications to be reported as a major fund as separate columns in the fund financial statements. The Town's major governmental funds include the General Fund, the General Purpose School Fund and the Education Capital Projects Fund. The Capital Projects Fund #321 accounts for the majority of the Town's activity; therefore, the Town's management has elected to classify this fund as a major fund. In addition, the Town reports the Water and Sewer Fund as a major proprietary fund. Detailed descriptions of these funds are presented below.

#### 1. Governmental Fund Financial Statements

Governmental fund financial statements include a balance sheet and statement of revenues, expenditures, and changes in fund balance individually for all major funds and in the aggregate for the remaining nonmajor funds. An accompanying schedule is presented to reconcile and explain the difference in fund balance and changes in fund balances as presented in these statements to net position and changes in net position presented in the government-wide financial statements. The governmental funds of the Town are described below:

- a. **General Fund** The primary operating fund of the Town and accounts for all financial resources obtained and used for delivery of those services traditionally provided by a municipal government, which are not provided for in other funds. Most of the essential governmental services such as general government, public safety, public works, solid waste management, library, culture and recreation, and municipal courts, among other things, are reported in the general fund.
- b. **Special Revenue Funds** These funds are used to account for the proceeds of specific revenue sources (other than special assessments, expendable trusts, or major capital projects) that are legally restricted or committed to expenditures for specific purposes. The following comprise the special revenue funds:

General Purpose School Fund – The operating fund of the Collierville Schools and accounts for all general revenues and other receipts that are not allocated by law or contractual agreement to

another Collierville Schools fund, such as property tax revenue from Shelby County, Tennessee, Basic Education Program (BEP) funds, sales tax, etc. General operating expenditures and capital improvement costs that are not paid through other School funds are paid from the general purpose school fund.

State Street Aid Fund – Accounts for the receipts and expenditures of the Town's share of the State of Tennessee's gasoline tax.

Solid Waste and Sanitation Fund – Accounts for the receipts and expenditures of the Town's solid waste removal services.

Historic Preservation Fund – Accounts for the receipts and expenditures of fees charged to developers for the preservation of the Town's historic town square.

E-Citation Fund – Accounts for the receipt of and expenditures related to the Town's electronic traffic citation system.

Special Drug Fund – Accounts for the receipt of and expenditures related to court drug fines and drug seizures.

School Nutrition Fund – Accounts for the receipts and expenditures of the Town's municipal school system related to the system's cafeteria operations. These funds are required to be maintained in a separate fund.

School Federal Fund – Accounts for the receipts and expenditures of the Town's municipal school system related to the system's federally funded programs.

School Discretionary Grants Fund – Accounts for the receipts and expenditures of the Town's municipal school system related to state funded programs.

c. Capital Projects Fund – These funds account for all the financing of major governmental fund capital asset purchases. The Town has four capital project funds that account for all the Town's capital improvement projects and one capital project fund that accounts for all the capital improvement projects for the Town's municipal school system.

#### 2. Proprietary Fund Financial Statements

Proprietary fund financial statements include a statement of net position, a statement of revenues, expenses, and changes in net position, and a statement of cash flows. The proprietary fund of the Town is described below:

a. **Enterprise Fund** – Account for business-like activities provided to the general public. The activities are financed primarily by user charges and the measurement of the financial activity focuses on net income measurement similar to private sector businesses.

Water and Sewer Fund – Accounts for water and sewer fees in connection with the operation of the Town's water and sewer system. Revenues derived from the physical connection to the system do not substantially exceed the cost incurred to provide such services.

#### 3. Fiduciary Fund Financial Statements

Fiduciary fund financial statements include a statement of fiduciary net position and statement of changes in fiduciary net position. Fiduciary fund balances and activities are excluded from the government-wide financial statements as they do not represent amounts available to the primary government. Agency funds are fiduciary funds used to account for assets held by the Town in a purely custodial capacity. Singe agency funds are custodial in nature (i.e. assets equal liabilities), they do not involve the measurement of results of operations.

a. **Pension (and Other Employee Benefit) Trust Fund** – These funds account for the activities and accumulation or resources that are required to be held in trust for the members and beneficiaries of defined benefit pension plans and other postemployment benefit plans. The following comprise the Town's pension and other postemployment benefits ("OPEB") trust funds:

Town Pension Plan Fund – Accounts for transactions related to the Town sponsored defined benefit pension plan.

Town Retiree Medical Plan ("Town OPEB") Fund – Accounts for transactions related solely to retiree group medical benefits (including claims incurred but not reported) for which the Town is self-insured.

School Retiree Medical Plan ("School OPEB") Fund - Accounts for transactions related solely to retiree group medical benefits (including claims incurred but not reported) for which the School is self-insured.

b. **Agency Fund** – These funds report resources held by the Town in a purely custodial capacity (the receipt, temporary investment, and remittance of fiduciary resources).

School Student Activity Funds – Accounts for cash and inventory held by Collierville Schools on behalf of the school sponsored student activities or school-sponsored events held at or in connection with a school. Each school maintains its own bank account and records related to their student activities. These funds were audited in a separate report and can be obtained by contacting the Collierville Schools.

#### C. Measurement Focus and Basis of Accounting

Measurement focus is a term used to describe "which" transactions are recorded within the various financial statements. Basis of accounting refers to "when" transactions are recorded regardless of the measurement focus applied.

#### Measurement Focus

On the government-wide statement of net position and statement of activities, both governmental and business-type activities are presented using the "economic resources" measurement focus. Accordingly, all of the Town's assets and liabilities, including capital assets and long-term liabilities, along with deferred inflows and outflows of resources, are included in the accompanying statement of net position. The statement of activities presents changes in net position.

Proprietary funds and fiduciary funds are also accounted for using the "economic resources" measurement focus. Accordingly all assets, deferred outflows of resources, liabilities, and deferred inflows of resources (whether current or noncurrent) are included in the statement of net position. The statement of revenues, expenses, and changes in net position presents revenues (additions) and expenses (deductions) in total net position. Agency funds do not use the economic resources measurement focus.

All governmental funds utilize a "current financial resources" measurement focus. Only current financial assets, deferred outflows of resources, liabilities, and deferred inflows of resources are generally included on their balance sheets. Their operating statements present sources and uses of available resources during a given period. These funds use fund balance as their measure of available resources at the end of the period.

#### Basis of Accounting

The government-wide financial statements are presented using the accrual basis of accounting, as are the proprietary fund and fiduciary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Amounts reported as program revenues include 1) charges to customers or applicants for goods, services, or privileges provided, 2) operating grants and contributions, and 3) capital grants and contributions. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met. Unearned revenue arises when assets are recognized before revenue recognition criteria have been satisfied. Internally dedicated resources are reported as general revenues rather than as program revenues. Likewise, general revenues include all taxes.

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the water and sewer fund are charges to customers for sales and services. The water and sewer fund also recognizes as operating revenue the portion of tap fees intended to recover the cost of connecting new customers to the system. Operating expenses for enterprise funds and internal service funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

Revenues in the fiduciary funds are those additions to the plan that are generated from contributions from the Town or School and participants and investment related income. Expenses are those deductions to the assets of the plan that arise from the payment of benefits and administrative expenses.

Governmental fund financial statements are reported using the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available to finance expenditures of the current period. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the Town considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. The primary revenue sources, which have been treated as susceptible to accrual by the Town, are property taxes, other local taxes, and intergovernmental revenues. Licenses and permits, charges for services, fines and forfeitures, and miscellaneous revenues are considered to be measureable and available only when cash is received by the Town. Expenditure-driven grants are recognized as revenue when the qualifying expenditures have been incurred and all other eligibility requirements have been met, and the amount is received during the period or within the availability period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due. The issuance of long-term debt is reported as other financing sources.

#### D - Assets, Liabilities, Deferred Outflows/Inflows of Resources, and Net Position/Fund Balances

#### 1. Deposits and investments

The Town considers all highly liquid investments with an original maturity of three months or less when purchased to be cash and cash equivalents. Cash equivalents held by the trustee of the Town Pension Plan Fund, the Town OPEB Fund, and the School OPEB Fund are included in cash and cash equivalents of those funds.

Investments, including pension and other postemployment benefit investments held in fiduciary funds, are reported at fair value except for those investment in the Local Government Investment Pool ("LGIP"). The LGIP qualifies as a 2a7-like pool and is reported at amortized cost using a Stable Net Asset Value which approximates fair value.

Certain development fees collected by the Water and Sewer Fund represent restricted amounts which must be used for projects to increase capacity and other items for future community developments. There was \$9,124,098 in restricted investments for development fees at June 30, 2018.

#### 2. Receivables

All trade and property taxes receivable are shown net of an allowance for uncollectibles.

Real and personal property taxes are levied by April 20 of each fiscal year on values assessed as of the prior January 1. The Town has an enforceable legal claim as of January 1 (the assessment date). Property taxes are due on December 1 and are considered delinquent after February 28, at which time penalties and interest are assessed and property is available for tax lien. The property tax levy is without legal limit. The rate, as permitted by Tennessee State Law and Town Charter, is set annually by the Mayor and Board of Aldermen and billed and collected by the Finance Department.

Property taxes receivable are recognized as of the date the Town has an enforceable legal claim. Property taxes are reflected as revenues in the fiscal period for which they are levied, which is the subsequent fiscal year for the current fiscal year's assessment, provided they are received and collected within the current

period or within 60 days following the fiscal year end (August 31). Since the receivable is recognized before the period of revenue recognition, the entire amount of the receivable, less an estimated allowance for uncollectible taxes, is reported as a deferred inflow of resources as of June 30. Delinquent taxes estimated to be collected subsequent to August 31 are included in the balance sheet as property taxes receivable and a deferred inflow of resources to reflect amounts that were not available as revenues at June 30, 2018.

Receivables due from other governments are primarily from the United States government, the State of Tennessee, and Shelby County, Tennessee. No allowance for uncollectible amounts has been recognized.

Governmental funds report unavailable revenue in connection with receivables for revenues that are not considered to be available to liquidate liabilities of the current period. Governmental funds also defer revenue recognition in connection with resources that have been received, but not yet earned as "unearned revenue". At the end of the current fiscal year, unavailable revenue principally represents amounts relating to property taxes.

Utility revenue is recorded when earned. Customers are billed at various times throughout the month. The estimated value of services provided but unbilled at year end has been included in the accompanying financial statements as unbilled utility receivable.

#### 3. Interfund Transactions

During the course of operations, numerous transactions occur that may result in amounts owed between individual funds. Those related to goods and services type transactions are classified as "due to and from other funds." Short-term interfund loans are reported as "interfund receivables and payables." Long-term interfund loans (noncurrent portion) are reported as "advances from and to other funds." Interfund receivables and payables are eliminated in the statement of net position. Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as "internal balances."

Permanent reallocations of resources between funds of the Town are classified as interfund transfers. For the purpose of the statement of activities, all transfers between individual governmental funds have been eliminated.

#### 4. Inventories and prepaid items

Inventory in all funds consists of expendable supplies held for consumption are stated at cost using the average cost method.

Certain contractual or otherwise required payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both government-wide and fund financial statements. Prepaid expenses in the governmental funds also include interest payments made on debt prior to the due date.

Inventories and prepaid items are charged to operations using the consumption method.

#### 5. Capital assets

Capital assets, which include property, plant, equipment, infrastructure assets (e.g., streets, bridges, sidewalks, and similar items), and intangible assets (easements, right-of-ways, and similar items) are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Such assets with an initial, individual cost of at least \$5,000 and an estimated useful life in excess of three years are recorded at historical cost or estimated historical cost if purchased or constructed. Contributed capital assets are recorded at estimated acquisition value at the date received. Major outlays for capital assets and improvements are capitalized as projects are constructed. Interest incurred during the construction phase of capital assets of business-type activities, net of related interest income on unspent bond funds, is included as part of the capitalized value of the assets constructed. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized.

Land, easements, right-of-ways, and construction in progress are not depreciated. All other capital assets are depreciated using the straight-line method over the following estimated useful lives:

Buildings and improvements

Other improvements

Library materials

Equipment

Infrastructure

40 years

15-75 years

10 years

3-15 years

25-75 years

#### 6. Deferred outflows of resources

In addition to assets, the statement of financial position reports a separate section for deferred outflows of resources. Deferred outflows of resources represent a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense) until then. The Town has qualifying items for reporting in this category. The unamortized discount on refunding reported in the government-wide statement of net position results from the difference in the carrying value of refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter of the life of the refunded or refunding debt. Other deferred outflows of resources include pension and OPEB changes and employer contributions to the pension plan after the measurement date.

#### 7. Compensated absences

Employees are granted sick and annual leave in varying amounts in accordance with administrative policies. Upon termination or retirement, employees are paid full value for any accrued annual leave earned not to exceed the maximum annual leave as set forth by the personnel policy. Generally, employees may accumulate sick leave up to nine hundred and sixty (960) hours, but upon termination or retirement, no payment shall be made for unused sick leave.

Vested or accumulated annual leave for terminated or retired employees that is expected to be liquidated with expendable available financial resources is reported as an expenditure and a fund liability of the governmental fund that will pay it. Amounts of vested or accumulated annual leave that are not expected to be liquidated with expendable available financial resources are maintained separately and represents a reconciling item between the fund and government-wide presentation.

Vested or accumulated annual leave of governmental funds is recorded only if the leave has matured (i.e. unused reimbursable leave still outstanding following an employee's resignation or retirement). Vested or accumulated annual leave of proprietary funds is recorded as an expense and liability of those funds as the benefits accrue to employees.

#### 8. Long-term obligations

In the governmental-wide financial statements and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net position. Bond premiums and discounts are deferred and amortized over the life of the bonds using the effective interest method. Bonds payable are reported net of the applicable bond premium or discount. Bond issuance costs are expensed when incurred.

In the governmental fund financial statements, bond premiums and discounts and issuance costs are recognized in the current period. The face amount of debt is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

#### 9. Deferred inflows of resources

In addition to liabilities, the statement of net position reports a separate section for deferred inflows of resources. Deferred inflows of resources represent an increase to net position that applies to a future period and is not recognized as an inflow of resources (revenue) until that time. The Town has several types of items that qualify for reporting in this category. These items are amounts in the governmental funds that were receivable and measureable at year-end but were not available to finance expenditures for the current year. Deferred inflows of resources include those related to unavailable revenues from property taxes and pension and OPEB changes.

#### 10. Net Position and Fund balance

In the government-wide financial statements and the proprietary fund in the fund financial statements, net positions is displayed in three components:

**Net investment in capital assets** – consists of capital assets, including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, notes or other borrowings that are attributable to the acquisition, construction, or improvement of those assets. Applicable deferred outflows of resources and deferred inflows of resources, if any should be included in the component of net position.

**Restricted net position** – consists of net position with constraints placed on the use of primarily cash and investments either by (1) external groups such as creditors, grantors, contributors, or laws or regulations of other governments or (2) law through constitutional provisions or enabling legislations.

**Unrestricted net position** – all other net position that does not meet the definition of net investment in capital assets or restricted net position

In the fund financial statements, governmental funds report fund balances in classifications that compromise a hierarchy based primarily on the extent to which the government is bound to honor constraints on the specific purposes for which amounts in these funds can be spent. These classification consist of the following five components, as applicable:

**Nonspendable** – amounts that cannot be spent because they are either in a (a) non-spendable form, including items not expected to be converted to cash (i.e. inventories, prepaid amounts, long-term portion of loans and notes receivable), or (b) legally or contractually required to be maintained intact (i.e. corpus of endowment funds).

**Restricted** – amounts constrained to be used for a specific purpose as per external parties, constitutional provision, or enabling legislation.

**Committed** – amounts constrained to be used for specific purposes by the highest level of decision making authority (Board of Mayor and Alderman or Collierville Schools). Formal action, in the form of an ordinance adopted by the Board of Mayor and Aldermen, to establish, modify or rescind a commitment must be taken by the end of the fiscal year. Amounts classified as committed are not subject to legal enforceability like restricted resources; however, they cannot be used for any other purpose unless the Board removes or changes the commitment by taking the same action it employed to impose the commitment.

Assigned – amounts intended to be used by the Town for a specific purpose, but are neither restricted nor committed. The intent shall be expressed by the Board of Mayor and Aldermen or a designee authorized by the Board of Mayor and Aldermen with authority to assign amounts. At this time, the Board of Mayor and Aldermen has maintained the authorization to assign fund balance which is accomplished through a resolution. The nature of the actions necessary to remove or modify an assignment is not as rigid as required under a committed fund balance classification. The Collierville Schools has the authority to assign the fund balance for the School Funds. Amounts in excess of nonspendable, restricted, and committed fund balance in funds other than the general fund are reported as assigned fund balance.

**Unassigned** – represents the residual balance available for any purpose in the general fund or deficit balances in other funds. All funds in this category are considered spendable resources. This category also provides the resources necessary to meet unexpected expenditures and revenue shortfalls.

When an expenditure is incurred for purposes for which both restricted and unrestricted (committed, assigned, or unassigned) amounts are available, it is the policy of the Town to generally consider restricted amounts to have been reduced first. When an expenditure is incurred for purposes for which amounts in any of the unrestricted fund balance classifications could be used, it is the policy of the Town that committed amounts would be reduced first, followed by assigned amounts, and then unassigned amounts. In both instances, when a proposed expenditure is made with specific balances identified as the source of the funding, that specific fund balance will be used.

Within the Fund Balance Policy, established by a resolution of the Board of Mayor and Aldermen, the Town also established a Stabilization Policy. The provisions of the Stabilization Policy do not qualify for reservation as committed or assigned fund balance and have been included as a portion of the unassigned fund balance.

The Stabilization Policy has the following four main accounts: contingency, emergency, cash flow stabilization, and debt service. The contingency account, estimated to be one (1) percent of the General Fund budgeted expenditures, is established in the event that during the year there are unanticipated expenses or revenue shortfalls impacting programs already approved in conjunction with the current year budget. The emergency account, estimated to be four (4) percent of the General Fund budgeted expenditures, is established to fund a finding by the Mayor, with confirmation by the Board, of "true urgent economic necessity," which is based on a significant economic downturn after the budget is complete or a natural disaster. The cash flow stabilization account, estimated to be eighteen (18) percent of the General Fund budgeted expenditures, is established to serve cash flow needs for the first few months of the fiscal year based on the tax calendar. The debt service account, estimated to be two (2) percent of the General Fund budgeted expenditures, is established to fund general obligation debt service payments for the first few months of the year based on the tax calendar. Any changes to the Stabilization Policy, or addition of amounts, require a resolution to be passed by the Board of Mayor and Aldermen.

#### 11. Pensions and Other Postemployment Benefits

The Town maintains six defined benefit retirement plans. Two are sponsored by the Town and the remaining four are sponsored by the Tennessee Consolidated Retirement System. The Town maintains two defined benefit other postemployment benefit plans ("OPEB") sponsored by the Town.

For purposes of measuring the net pension and net OPEB asset or liability, deferred outflows of resources and deferred inflows of resources related to pensions and OPEB, and pension and OPEB expense, information about the fiduciary net position, and additions to/deductions from each plan's fiduciary net position have been determined on the same basis as they are reported by the actuaries. For this purpose, benefits (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms of each plan. Expenses of the plans, such as investment fees, trustee fees, and audit fees, are paid by the plans. However, certain administrative functions are performed by employees of the Town and are not reimbursed by the plans. Investments, other than contracts, are reported at fair value. Investment income is recognized as earned. Plan assets do not include any securities of the Town nor have any of the plans made any loans to the Town.

#### 12. Fair Value Measurements

Assets and liabilities recorded at fair value in the statements of net position are categorized based on the level of judgment associated with the inputs used to measure their fair value. The three categories of level inputs are as follows: Level 1 inputs include unadjusted quoted prices in active markets for identical assets or liabilities accessible at the measurement date; Level 2 inputs include quoted prices for similar assets or liabilities; quoted prices in inactive markets; or other inputs that can be corroborated by observable market data. Such inputs include market interest rates and volatilities, spreads and yield curves; Level 3 inputs are inputs which are unobservable for the asset or liability and rely on management's own assumptions that market participants would use in pricing the asset or liability.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. In determining fair value, the Town utilizes valuation techniques that maximize the use of observable inputs and minimize the use of unobservable inputs to the extent possible. The methods used may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Town

believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at reporting date.

#### 13. Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

#### E – New Governmental Accounting Standards Board (GASB) Pronouncements

The Town implemented GASB Statement No. 75, Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions, required for fiscal periods beginning after June 15, 2018, in fiscal year 2018. This Statement improves accounting and financial reporting by state and local governments for postemployment benefits other than pensions. The implementation has been accounted for as a change in accounting principle with a prior year adjustment as determined by an actuary. The effect of this adjustment decreases net position for government activities by \$3,615,829 and increases net position of business-type activities by \$185,659.

#### NOTE 2 - STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY

#### A. Budgetary information

The revenues and expenditures accounted for in all governmental fund types are controlled by a formal integrated budgetary accounting system. The Board of Mayor and Aldermen annually approves the operating budgets of the general, special revenue, capital projects, debt service, and enterprise funds of the Town. The Collierville Schools annually approves the operating budgets of the general purpose school fund, federal projects, school nutrition, discretionary grants, and education capital fund. Budgetary control is maintained at the departmental level by line item, and expenditures may not exceed funds budgeted which constitute the legal spending limit. Unexpended appropriations lapse at year-end. The Town Administrator may amend the budget within departments without approval of the governing body; however, any amendments made between departments must meet with the governing body's approval as prescribed by the Town Charter. Transfers within the funds are accomplished by resolution of the Board of Mayor and Aldermen to authorize expenditures of various grants received and to adjust the individual fund budgets as required within the total dollar limitations of the budget resolution. While no supplemental appropriations were required during the year, the accompanying budgetary data has been revised for amendments authorized by resolution during the year. Annual budgets are adopted on a basis consistent with Tennessee Code Annotated, which is not materially different than the modified accrual basis of accounting for all governmental funds.

### B. Excess of expenditures over appropriations

For the year ended June 30, 2018, expenditures did not exceed appropriations in any fund.

#### NOTE 2 - STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY (CONTINUED)

#### C. Deficit fund equity

As of June 30, 2018, none of the funds had a deficit fund balance.

#### **NOTE 3 – DEPOSITS**

<u>Legal Provisions</u> – Deposits must be collateralized by federal depository insurance, the Tennessee Bank Collateral Pool, collateral held by the Town's agent in the Town's name, collateral held by the Federal Reserve Banks acting as third party agents, or a combination of these methods. State statute requires that all uninsured deposits with financial institutions must be collateralized by securities whose market value is equal to 105% of the average daily balance of public deposits held. Collateral securities required to be pledged by the participating banks to protect their public fund accounts are pledged to the state treasurer on behalf of the bank collateral pool. The securities pledged to protect these accounts are pledged in the aggregate rather than against each account. The members of the pool may be required by agreement to pay an assessment to cover any deficiency. Under this additional assessment agreement, public fund accounts covered by the pool are considered to be insured for purposes of credit risk disclosure.

<u>Custodial Credit Risk</u> – Custodial credit risk is the risk that in the event of a bank failure, the Town's deposits may not be returned to it. Although the Town has not adopted a formal deposit policy, its policy is to be insured or collateralized with securities held by the Town or its agent in the Town's name and comply with statutes requiring deposits. As of June 30, 2018, all bank deposits were entirely insured by federal depository insurance and collateralized by the Bank Collateral Pool of the State of Tennessee.

#### **NOTE 4 – INVESTMENTS**

<u>Legal Provisions</u> – Investments of the primary government are limited to those authorized by Tennessee State Law. State statutes authorize the Town to make direct investments in bonds, notes or treasury bills of the U.S. government and obligations guaranteed by the U.S. government or any of its agencies; deposit accounts at state and federal chartered banks and savings and loan associations; repurchase agreements; the Local Government Investment Pool ("LGIP"); bonds of any state or political subdivision rated A or higher by any nationally recognized rating service; and nonconvertible debt securities of certain federal government sponsored enterprises. Statutes also require that securities underlying repurchase agreements must have a market value at least equal to the amount of funds invested in the repurchase transaction. State statutes limit maturities of the above investments to four years from the date of investment unless a greater maturity is approved by the State Director of Finance. The Town has not adopted a formal investment policy that limits its interest rate or credit risks.

In addition to the investments allowed by the primary government, the fiduciary funds investment policies authorize investments in common stocks, mutual funds, and other equities. The investment policies of the fiduciary funds have been formally adopted by the Town's Board of Mayor and Aldermen.

#### NOTE 4 – INVESTMENTS (CONTINUED)

<u>Custodial Risk</u> – Custodial credit risk is the risk that, in the event of the failure of the counterparty, the Town will not be able to recover the value of its investments that are in the possession of an outside party. The Town's investments in the LGIP are held by the State Treasury, not in the name of the Town. The Town's fiduciary fund investments are held by a third party bank in the name of the Town. The third party bank is also a participant in the State collateral pool.

#### A. Primary Government Investments

The Tennessee Local Government Investment Pool ("LGIP") represents 100% of the primary government's investments at June 30, 2018. The responsibility of conducting the State of Tennessee investment program resides with the State Treasurer and is exercised in accordance with the investment policy and resolutions of the State Funding Board. The LGIP uses amortized costs rather than fair value to report net position to compute share prices. The Pool maintains a weighted average maturity of 60 days or less.

#### B. Fiduciary Investments

The Town administers four fiduciary funds whose investments are held by a third party trustee bank. Additionally, the Town utilizes an advisor to select appropriate investment choices.

Fair value has been determined based on the Town's assessment of available market information and appropriate valuation methodologies. Prices for investment securities such as common stocks and mutual funds are readily available in the active markets in which those securities are traded, and the resulting fair values are categorized as Level 1. Prices for certificates of deposit, U.S. government agency bonds, corporate and foreign bonds, and municipal obligations are determined on a recurring basis based on inputs that are readily available in public markets or can be derived from information available in publicly quoted markets and are categorized as Level 2. There have been no changes in the methodologies used at June 30, 2018.

The following table summarized fair value disclosures and measurements for fiduciary investments at June 30, 2018:

|                              | Level 1       | Level 2      | Level 3 | Total         |
|------------------------------|---------------|--------------|---------|---------------|
| Investments:                 |               |              |         |               |
| Money market mutual funds    | \$ 3,363,489  | \$ -         | \$ -    | \$ 3,363,489  |
| Certificates of deposit      | -             | 1,549,832    | -       | 1,549,832     |
| U.S. government agency bonds | -             | 1,054,090    | -       | 1,054,090     |
| Corporate and foreign bonds  | -             | 4,512,722    | -       | 4,512,722     |
| Municipal obligations        | -             | 1,358,685    | -       | 1,358,685     |
| Common stocks                | 10,838,877    | -            | -       | 10,838,877    |
| Equity mutual funds          | 40,354,813    | -            | -       | 40,354,813    |
| Fixed income mutual funds    | 21,166,763    |              |         | 21,166,763    |
|                              | \$ 75,723,942 | \$ 8,475,329 | \$ -    | \$ 84,199,271 |
|                              |               |              |         |               |

### NOTE 5 – INTERFUND TRANSACTIONS (CONTINUED)

At June 30, 2018, the composition of interfund balances for governmental and business-type activities is as follows:

|                             | Due From:    | Due To:      |
|-----------------------------|--------------|--------------|
| Major Funds                 |              |              |
| General Fund                |              |              |
| General Purpose School Fund | \$ -         | \$ 20,154    |
| State Street Aid Fund       | 20,024       | -            |

### NOTE 5 – INTERFUND TRANSACTIONS (CONTINUED)

These balances resulted from the time lag between the dates that the interfund goods and services are provided or reimbursable expenditures occur and when payments between funds are made.

The composition of interfund transfers for the year ended June 30, 2018 were as follows:

|                                  | Transfers In: | Transfers Out: |
|----------------------------------|---------------|----------------|
| Major Funds                      |               |                |
| General Fund                     |               |                |
| Capital Projects Fund #321       | \$ 508,309    | \$ 3,085,700   |
| Special Drug Fund                | -             | 6,547          |
| Historic Preservation Fund       | -             | 12,850         |
| Capital Projects Fund #336       | -             | 1,319,942      |
| Water and Sewer Fund             | 819,463       | -              |
|                                  | 1,327,772     | 4,425,039      |
| General Purpose School Fund      |               |                |
| Education Capital Projects #177  | -             | 13,245,015     |
| <b>Discretionary Grants Fund</b> | 1,751         | -              |
| School Federal Projects          | 55,381        |                |
|                                  | 57,132        | 13,245,015     |
| Education Capital Projects #177  |               |                |
| Geneal Purpose School Fund       | 13,245,015    |                |
| Capital Projects Fund #337       | 33,182,091    |                |
|                                  | 46,427,106    | -              |
| Capital Projects Fund #321       |               |                |
| General Fund                     | 3,085,700     | 508,309        |
| Capital Projects Fund #336       | 216,261       |                |
|                                  | 3,301,961     | 508,309        |
| Capital Projects Fund #337       |               |                |

Transfers out of the governmental funds represent cost allocations, capital projects funding, and transactions for goods and services arising in the normal course of business. Transfers out of the water and sewer fund represent payments in lieu of taxes that are not payments for, and are not reasonably equivalent in value to, services provided.

## NOTE 6 – CAPITAL ASSETS

#### **NOTE 8 – LONG-TERM LIABILITIES**

#### 1. Long-Term Debt

#### General obligation and revenue bonds

The Town periodically issues general obligation and revenue bonds for the acquisition, construction, and improvement of major capital facilities and infrastructure. The bonds are generally issued as 15 to 30-year serial bonds. The Town is not subject to any state or other law that limits the amount of net bonded debt a Town may have outstanding; therefore, there is no legal debt margin or computation thereof. The Town's full faith, credit and unlimited taxing power are pledged to the repayment of all general obligation bond principal and interest. Revenue bonds are secured by net revenues derived from the operations of the Water and Sewer fund. The Town is contingently liable for the repayment of revenue bond principal and interest.

The net proceeds from advance refunding bonds have been placed in an irrevocable trust to provide for future debt service payments on the old bonds. Accordingly, the trust account assets and the liability on the defeased bonds are not included in the Town's financial statements. At June 30, 2018, \$6,650,000 of defeased bonds remain outstanding.

Debt outstanding as of June 30, 2018 consisted of the following:

|                           |               |          |                | Balance        |

#### 2. Settlement Liability

In July 2013, Collierville citizens approved a referendum authorizing the creation of Collierville Schools. The County Commission of Shelby County, Tennessee sued the Town, and other municipalities, alleging that the Town's effort to create its own municipal school district was illegal; whereas the Town denied the allegation. In January 2014, the Town and the School entered into a settlement agreement with the Board of Commissioners of Shelby County, Shelby County, Tennessee, and the Shelby County Board of Education. The School agreed to pay the Shelby County Board of Education twelve annual installments of \$507,819 for a total of \$6,093,828. The School elected to establish the liability incurred through the settlement agreement at its present value with a discount rate of 2.2%. Future payments under the settlement liability are as follows:

| Years Ending                      |              |
|-----------------------------------|--------------|
| June 30                           | Amount       |
| 2019                              | \$ 507,819   |
| 2020                              | 507,819      |
| 2021                              | 507,819      |
| 2022                              | 507,819      |
| 2023                              | 507,819      |
| 2024 - 2026                       | 1,523,457_   |
| Total payments                    | 4,062,552    |
| Less amount representing interest | (320,775)    |
|                                   | \$ 3,741,777 |

#### NOTE 8 – LONG-TERM LIABILITIES (CONTINUED)

#### 3. Capital Leases

On August 1, 2017, Collierville Schools entered into a 36 month lease purchase agreement for the acquisition of computers to be used in the classrooms. The equipment has a book value, calculated at the net present value of the lease payments of \$2,462,708 and is payable over 3 annual payments of \$862,119 for a total of \$2,586,367 including interest.

The following is a schedule of the future minimum lease payments at June 30:

| Years Ending                      |              |
|-----------------------------------|--------------|
| June 30                           | Amount       |
| 2019                              | \$ 862,119   |
| 2020                              | 862,119_     |
| Total payments                    | 1,724,238    |
| Less amount representing interest | (63,817)     |
|                                   | \$ 1,660,421 |

#### 4. Changes in long-term liabilities

A summary of long-term liability activity, including debt, for the year ended June 30, 2018 is as follows:

|                           | Beginning      |              |                 | Ending         | Due Within   |
|---------------------------|----------------|--------------|-----------------|----------------|--------------|
|                           | Balance        | Additions    | Reductions      | Balance        | One Year     |

<sup>\*</sup>net increase (decrease) shown

#### NOTE 8 – LONG-TERM LIABILITIES (CONTINUED)

For governmental activities, net pension liability, net other postemployment liability, and compensated absences are generally liquidated by the general fund and general purpose school fund. No interest was capitalized for the year ended June 30, 2018; interest incurred and charged to expense totaled \$5,221,984. For the governmental activities, \$360,449 of bond proceeds were not spent as of June 30, 2018. As such, these proceeds were not included in the calculation of net investment in capital assets.

#### 5. Subsequent event

Subsequent to year end, Collierville Schools entered into a computer lease with future payments of \$3,107,000 over a three year period and a lease for copiers with future payments of \$303,000 for a period of five years.

#### **NOTE 9 – DEFERRED LOSS ON REFUNDING**

The unamortized deferred loss on refunding relates to General Obligation Refunding Bonds for governmental activities and Water and Sewer Revenue Refunding Bonds for business-type activities. Deferred loss on refunding reported in the statement of net position at June 30, 2018 consists of the following:

|             | Governmental | Business-Type |              |

#### NOTE 12 – DEFINED BENEFIT PENSION PLANS

The Town of Collierville is the administrator of the following defined benefit single-employer Public Employee Retirement Plan established by the Town to provide pension benefits for its employees:

I. **Town of Collierville, Tennessee Defined Benefit Pension ("Town Pension Plan")** – On July 1, 2007, the effective date of the plan, existing employees were given the option to make an irrevocable election to participate in this plan or stay in the Town TCRS Plan. Employees hired on July 1, 2007 and after are eligible at the date of employment. The plan offers both contributory and non-contributory options. Participants make an irrevocable election to participate in one of these options.

The plan is considered a part of the Town's financial reporting entity and is included in the Town's financial reports as a pension trust fund. The Town does not issue a stand-alone financial report for the plan. Benefits and contributions are established by the Town and may be amended only by the Board of Mayor and Aldermen.

The Town of Collierville and Collierville Schools participate in the following defined benefit multipleemployer Public Employee Retirement Plans administered by the Tennessee Consolidated Retirement System ("TCRS"):

- II. **Town Public Employee Retirement Plan ("Town TCRS Plan")** Employees of the Town originally were eligible to participate in this plan. Effective June 30, 2007, the plan was closed to new employees. Employees hired on July 1, 2007 and after are eligible for the defined benefit pension plan administered by the Town. At July 1, 2007, existing employees were given the option to stay in the plan or move their pension benefits to the plan administered by the Town. The plan is an agent multiple-employer pension plan. Neither this plan nor the Town's plan are available to employees of Collierville Schools.
- III. Collierville Schools Legacy Public Employee Retirement Plan ("Legacy Plan") Certain administrative employees with membership in TCRS prior to June 30, 2014 are included in this plan, which is maintained separately from the Town of Collierville's plan. This plan was closed to new membership on June 30, 2014, but continues to provide benefits to existing members. This is an agent multiple-employer pension plan.
- IV. Collierville Schools Hybrid Employee Retirement Plan ("Hybrid Plan") Certain administrative employees with membership in TCRS beginning July 1, 2014 are included in this plan, which is maintained separately from the Town of Collierville's plan. This plan is a hybrid plan which features both a defined contribution element and a pension plan element. This plan is an agent multiple-employer pension plan.
- V. Collierville Schools Teacher Legacy Pension Plan ("Teacher Legacy Plan") Teachers with membership in TCRS prior to June 30, 2014 are included in this plan. The plan was closed to new membership on June 30, 2014, but continues to provide benefits to existing members. The plan is a cost sharing multiple-employer pension plan.
- VI. Collierville Schools Teacher Retirement Plan ("Teacher Hybrid Plan") Teachers with membership in TCRS beginning July 1, 2014 are included in this plan. The plan is a hybrid plan

which features both a defined contribution element and a pension plan element. The plan is a cost sharing multiple-employer pension plan.

The TCRS was created by state statute under Tennessee Code Annotated Title 8, Chapters 34-37. The TCRS Board of Trustees is responsible for the proper operation and administration of the TCRS. The Tennessee Treasury Department, an agency in the legislative branch of state government, administers the plans of the TCRS. The TCRS issues a publically available financial report that can be obtained at www.treasury.tn.gov/tcrs. Tennessee Code Annotated Title 8, Chapters 34-37 establishes the benefit terms and can be amended only by the Tennessee General Assembly. The chief legislative body may adopt the benefit terms permitted by statute.

The net pension assets, deferred outflows of resources, net pension liabilities, and deferred inflows of resources related to pensions reported on the statement of net position are summarized as follows:

|                                   |              | Deferred      |              | Deferred     |              |  |  |

#### A. General Information about the Pension Plans

#### Benefits Provided

Under the Town Pension Plan, members are eligible to retire with an unreduced benefit at age 60 with 10 years of service credit (5 years if hired prior to July 1, 2007) or after 30 years of service credit regardless of age. A reduced early retirement benefit is available at age 55 and vested. Benefits are determined by a formula using the member's highest five consecutive year average compensation during the 10 completed calendar years immediately preceding termination of employment and the member's years of service credit up to 30 years. Members vest with 10 years of service credit (5 years if hired prior to July 1, 2007). A variety of death benefits are available under various eligibility criteria.

Under the Town TCRS Plan, Legacy Plan and Teacher Legacy Plan, members are eligible to retire with an unreduced benefit at age 60 with 5 years of service credit or after 30 years of service credit regardless of age. A reduced early retirement benefit is available at age 55 and vested. Under the Hybrid Plan and Teacher Hybrid Plan, members are eligible to retire with an unreduced benefit at age 65 with 5 years of service credit or pursuant to the rule of 90 in which the member's age and service credit total 90. A reduced early retirement benefit is available at age 60 and vested or pursuant to the rule of 80. Benefits are determined by a formula using the member's highest five consecutive year average compensation and the member's

years of service credit. Members vest with five years of service credit. Service related disability benefits are provided regardless of length of service. Five years of service is required for non-service related disability eligibility. The service related and non-service related disability benefits are determined in the same manner as a service retirement benefit but are reduced 10 percent and include projected service credits. A variety of death benefits are available under various eligibility criteria.

Member and beneficiary annuitants are entitled to automatic cost of living adjustments (COLAs) after retirement. A COLA is granted each July for annuitants retired prior to the 2nd of July of the previous year. The COLA is based on the change in the consumer price index (CPI) during the prior calendar year, capped at 3 percent, and applied to the current benefit. No COLA is granted if the change in the CPI is less than one-half percent. A one percent COLA is granted if the CPI change is between one-half percent and one percent. A member who leaves employment may withdraw their employee contributions, plus any accumulated interest. Under the Teacher Legacy Plan and Teacher Hybrid Plan, benefit terms and conditions, including COLAs, can be adjusted on a prospective basis. Moreover, under the Hybrid Plan, Teacher Legacy Plan, and Teacher Hybrid Plan, there are defined cost controls and unfunded liability controls that provide for the adjustment of benefit terms and conditions on an automatic basis. No COLA is provided under the Town Pension Plan.

#### Employees Covered by Benefit Terms

The Town Pension Plan has a measurement date of June 30, 2018 while the TCRS Plans have a measurement date of June 30, 2017. As of the respective plan measurement dates, the following employees were covered by the benefit terms of the agent plans:

| Inactive employees or beneficiaries currently receiving benefits |
|--|
| Inactive employees entitled to but not yet receiving benefits    |
| Active employees   |

| Town         | TCRS      | TCRS School Administrativ |             |  |  |  |
|--------------|-----------|---------------------------|-------------|--|--|--|
| Pension Plan | Town Plan | Legacy Plan               | Hybrid Plan |  |  |  |
| 79           | 17        | 12                        | -           |  |  |  |
| 69           | 91        | 47                        | 20          |  |  |  |
| 503          | 11        | 147_                      | 76          |  |  |  |
| 651          | 119       | 206                       | 96          |  |  |  |

#### **Contributions**

Under the Town Pension Plan, contribution requirements of plan members and the Town are established and may be amended by the Board of Mayor and Aldermen. The Town has adopted two plan options for the retirement plan for its employees. Plan A is noncontributory; whereas, Plan B requires employee contributions of 5.00 percent of their gross pay. The choice of plan is irrevocable by the participant.

Under the TCRS Plans, contributions for employees are established in the statutes governing the TCRS and may only be changed by the Tennessee General Assembly or, for the Hybrid Plan and Teacher Hybrid Plan, by automatic cost controls set by law. Employees contribute 5 percent of salary. The Town and School make employer contributions at the rate set by the Board of Trustees as determined by an actuarial valuation. By law, employer contributions to each plan are required to be paid. TCRS may intercept the Town's state shared taxes if the required employer contributions are not remitted. The employer rate, when combined with member contributions, is expected to finance the costs of benefits earned by members during the year, the cost of administration, as well as an amortized portion of any unfunded liability. Per the statutory provisions governing TCRS, the employer contribution rate for the Hybrid Plan and Teacher Hybrid Plan cannot be less than 4 percent, except in years when the maximum funded level, as established by the TCRS Board of Trustees is reached.

Employer contributions to each plan for the year ended June 30, 2018 were as follows:

|                                    | Town       | TCRS         | TCRS School Administrative |             | TCRS Te      | acher Plans |

#### **B.** Actuarial Assumptions

#### **Town Administered Pension Plan**

The total pension liability as of the June 30, 2018 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation 2.5%

Salary increases 4.00%, including inflation

Investment rate of return 7.50%, net of investment expense, including inflation

Mortality rates were based on the RP-2000 Mortality Table with a 2% load for expected mortality improvements.

#### *Investment policy*

The Town has developed a flexible investment policy statement based on modern portfolio theory. The investment policy does not specifically limit the amount of investment in individual or aggregate investments based on the credit rating of the investment. The investment policy seeks to earn an average annual return of 7.5 percent over a minimum of a 10 year period. The long-term expected rate of return on pension plan investments was determined based on the historical market returns of the targeted asset classes. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in the pension plan's target asset allocation as of June 30, 2017 (see the discussion of the Plan's investment policy) are summarized as follows:

|                           | Long-Term Expected  | Target     |
|---------------------------|---------------------|------------|
| Asset Class               | Real Rate of Return | Allocation |
| Cash and cash equivalents | 2.00%               | 2%         |
| Fixed income              | 2.72%               | 38%        |
| U.S equity                | 6.43%               | 40%        |
| International equity      | 7.00%               | 15%        |
| REITS                     | 5.00%               | 5%         |
|                           |                     | 100%       |

#### Rate of return

For the year ended June 30, 2018, the annual money-weighted rate of return on plan investments was 6.85%. The money-weighted rate of return expresses investment performance, net of investment expense, adjusted for the changing amounts actually invested.

#### Discount rate

The discount rate used to measure the total pension liability was 7.50%. The projection of cash flows used to determine the discount rate assumed that plan member contributions will be made at the current contribution rate and that Town's contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

#### TCRS Administered Pension Plans

The total pension liability as of **June 30, 2017** actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation 2.5%

Salary increases Graded salary ranges from 8.75% to 3.45% based on

age, including inflation, averaging 4.00%

Investment rate of return 7.25%, net of investment expense, including inflation

Cost-of-Living Adjustment 2.25%

Mortality rates were based on actual experience including an adjustment for some anticipated improvement.

The actuarial assumptions used in the **June 30, 2017** actuarial valuation were based on the results of an actuarial experience study performed for the period July 1, 2012 through June 30, 2016. The demographic assumptions were adjusted to more closely reflect actual and expected future experience.

#### **Changes of Assumptions**

In 2017, the following assumptions were changed: decreased inflation rate from 3.00% to 2.50%; decreased the investment rate of return from 7.50% to 7.25%; decreased the cost-of-living adjustment from 2.50% to 2.25%; decreased salary growth graded ranges from an average of 4.25% to an average of 4.00%; and modified mortality assumptions.

The long-term expected rate of return on pension plan investments were established by the TCRS Board of Trustees in conjunction with the June 30, 2016 actuarial experience study. A blend of future capital market projects and historical market returns was used in a building-block method in which a best-estimate of expected future real rates of return (expected returns, net pension plan investment expense and inflation) is developed for each major asset class. These best-estimates are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation of 2.5%.

The best-estimates of geometric real rates of return and the TCRS investment policy target asset allocation for each major asset class are summarized in the following table:

|                                       | Long-Term Expected  | Target     |
|---------------------------------------|---------------------|------------|
| Asset Class                           | Real Rate of Return | Allocation |
| U.S. equity                           | 5.69%               | 31%        |
| Developed market international equity | 5.29%               | 14%        |
| Emerging market international equity  | 6.36%               | 4%         |
| Private equity and strategic lending  | 5.79%               | 20%        |
| U.S. fixed income                     | 2.01%               | 20%        |
| Real estate                           | 4.32%               | 10%        |
| Short-term securities                 | 0.00%               | 1%         |
|                                       |                     | 100%       |

The long-term expected rate of return on pension plan investments was established by the TCRS Board of Trustees as 7.25 percent based on a blending of the three factors described above.

#### **Discount Rate**

The discount rate used to measure the total pension liability was 7.25 percent. The projection of cash flows used to determine the discount rate assumed that employee contributions will be made at the current rate and that contributions from the Board of Education will be made at the actuarially determined contribution rate pursuant to an actuarial valuation in accordance with the funding policy of the TCRS Board of Trustees and as required to be paid by state statute. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make projected future benefit payments of current active and inactive members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine total pension liability.

#### C. Net Pension Liability (Asset)

The net pension liability (asset) for the Town administered pension plan was measured as of June 30, 2018 and each TCRS plan was measured as of **June 30, 2017**. The total pension liability (asset) used to calculate net pension liability (asset) was determined by an actuarial valuation as of the respective dates. The components of the net pension liability for the agent plans as of those dates are as follows:

| -  |              | Agen           | Cost-Sharing Plans |                |                           |  |
|--|--------------|----------------|--------------------|----------------|---------------------------|--|
|  | Town         | TCRS           | TCRS School        | Administrative | TCRS Teacher Plans        |  |
|  | Pension Plan | Town Plan      | Legacy Plan        | Hybrid Plan    | Legacy Plan Hybrid Plan   |  |
| Total Pension Liability                              |              |                |                    |                | ·                         |  |
| Service cost   | \$ 2,188,438 | \$ 41,340      | \$ 669,582         | \$ 88,280      |                           |  |
| Interest   | 5,135,640    | 254,939        | 157,592            | 15,887         |                           |  |
| Changes of benefit items                             | -            | -              | -                  | -              |                           |  |
| Differences between expected                         |              |                |                    |                |                           |  |
| and actual experience                                | (645,352)    | (23,996)       | 8,841              | 31,785         |                           |  |
| Changes in assumptions                               | -            | 94,693         | 51,537             | 9,654          |                           |  |
| Benefit payments, including refunds                  | (1,606,651)  | (61,963)       | (12,051)           |                | _                         |  |

| Plan fiduciary net position -ending                  | 70,108,110   | 5,988,851      | 2,395,069          | 337,685        | •                         |  |
| Net pension liability (asset)                        | \$ 3,140,939 | \$ (2,295,004) | \$ (81,897)        | \$ (68,531)    | •                         |  |
| Proportionate share of net pension liability (asset) |              |                |                    |                | \$ (299,849) \$ (167,525) |  |
| Proportionate share at June 30, 2017 measurement     | date         |                |                    |                | 0.916457% 0.634966%       |  |
| Proportionate share at June 30, 2016 measurement     |              |                |                    |                | 0.909980% 0.473838%       |  |

The proportion of the net pension liability (asset) was based on the School's contributions to each costsharing plan relative to the contributions of all participating LEAs. Detailed information about each costsharing pension plan's fiduciary net position is available in a separately issued TCRS financial report.

#### Sensitivity of the Net Pension Liability (Asset) to Changes in the Discount Rate

The following presents the net pension liability (asset) or proportionate share of net pension liability (asset) of the Town related to each plan calculated using the current discount rate of 7.50 percent (Town Administered Plan) and 7.25 percent (TCRS Plans), as well as what the net pension liability (asset) or proportionate share of net pension liability (asset) would be if it were calculated using a discount rate that is 1-percentage-point lower or 1-percentagepoint higher than the current rate:

|  | Current Rate |               | Current Rate | 1% Increase     |
|--|--------------|---------------|--------------|-----------------|
| Net pension liability (asset)                |              |               |              | _               |
| Town Pension Plan                            | 7.50%        | \$ 13,503,428 | \$ 3,140,939 | \$ (5,036,195)  |
| TCRS Town Plan                               | 7.25%        | (1,724,125)   | (2,295,004)  | (2,762,429)     |
| TCRS School Administrative Legacy Plan       | 7.25%        | 302,364       | (81,897)     | (394,974)       |
| TCRS School Administrative Hybrid Plan       | 7.25%        | (5,242)       | (68,531)     | (117,692)       |
| Proportionate share of the net pension asset |              |               |              |                 |
| TCRS Teacher Legacy Plan                     | 7.25%        | \$ 26,905,016 | \$ (299,849) | \$ (22,786,463) |
| TCRS Teacher Hybrid Plan                     | 7.25%        | 33,424        | (167,525)    | (314,926)       |

# D. Pension Expense, Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

For the year ended June 30, 2018, the Town reported pension expense, deferred outflows of resources, and deferred inflows of resources related to each plan from the following sources:

|   | _  | Town        | <br>TCRS        |    | CRS School         | _  |                    | _  | TCRS Tea                |    |                    |

The amounts shown above for "Contributions subsequent to the measurement date of **June 30, 2017**," will be recognized as a reduction (increase) to net pension liability (asset) in the following measurement period.

Amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows for the years ending June 30:

|            |     |           |    | Town TCRS |    | TCRS School Administrative |    |           |             | TCRS Teacher Plans |             |         |  |

|            | Per |           |    | Town Plan |    | Legacy Plan                |    | orid Plan | Legacy Plan |                    | Hybrid Plan |         |  |
| 2019       | \$  | 860,581   | \$ | (43,575)  | \$ | (21,497)                   | \$ | 5,182     | \$          | (228,707)          | \$          | (2,354) |  |
| 2020       |     | 474,687   |    | 79,792    |    | (21,497)                   |    | 5,182     |             | 2,838,806          |             | (2,354) |  |
| 2021       |     | (204,513) |    | 10,140    |    | (24,682)                   |    | 5,098     |             | 1,144,115          |             | (2,870) |  |
| 2022       |     | 7,737     |    | (41,429)  |    | (35,222)                   |    | 4,331     |             | (1,335,971)        |             | (5,189) |  |
| 2023       |     | (74,649)  |    | -         |    | (21,147)                   |    | 6,086     |             | -                  |             | (938)   |  |
| Thereafter |     | (744,855) |    | -         |    | (35,468)                   |    | 29,634    |             | -                  |             | (6,294) |  |

In the table shown above, positive amounts will increase pension expense while negative amounts will decrease pension expense.

#### E. Payable to the Pension Plans

At June 30, 2018, Collierville Schools reported payables to the TCRS pension plans related to outstanding required contribution for the year ended June 30 2018 including: \$49,249 related to the School Administrative Legacy Plan, \$16,182 related to the School Administrative Hybrid Plan, \$517,454 related to the Teacher Legacy Plan, and \$46,314 related to the Teacher Hybrid Plan.

#### NOTE 13 – DEFINED CONTRIBUTION BENEFIT PLANS

#### Town Money Purchase Pension Plan

The Town provides pension benefits to full-time employees employed prior to June 30, 1994, through the Town of Collierville, Tennessee Money Purchase Pension Plan, a defined contribution plan administered by Securian Financial Group. Plan provisions and contribution requirements are established, and may be amended by, the Town's Board of Mayor and Aldermen. These assets are required to be placed in trust, thus eliminating the requirement that assets be reflected in the statement of net position of the Town. The plan consists of two separate agreements, one for the police and fire departments for retirement at age 55 and another for the remainder of employees with retirement at age 65. At June 30, 2017, there were 6 plan members. The Town contributes 9% of total compensation and employees may contribute up to 10% of compensation. All participants are 100 % vested in current and prior contributions. Contributions are made on a tax-deferred basis. For the year ended June 30, 2018, contributions from the Town and employees were \$32,821 and \$600, respectively.

#### Town 457 Plan

The Town offers its employees a deferred compensation plan created in accordance with the Internal Revenue Code Section 457. Plan provisions and related contribution requirements are established and may be amended by the Town's Board of Mayor and Aldermen. These assets are required to be placed in trust, thus eliminating the requirement that assets be reflected in the statement of net position of the Town. The plan is available to all Town employees and permits them to defer a portion of their salary until future years. The deferred compensation is not available to employees until termination, retirement, death, or unforeseeable emergency.

#### School TCRS Hybrid 401k Plan

The TCRS School Administrative Hybrid Plan and the TCRS Teacher Hybrid Plan (the Hybrid Plans) provide a combination of a defined benefit plan and a defined contribution plan. The defined benefit portion of the Hybrid Plans are managed by TCRS. The defined contribution assets are deposited into the State's 401(k) plan where the employee manages the investments within the 401(k) plan. Participants are automatically enrolled, with opt-out feature, to contribute 2% of their salaries to the defined contribution (401(k)) portion of the Hybrid plans. Employees are immediately vested in contributions. Contributions are made on a tax-deferred basis. There are no employer contributions to the 401(k) portion of the plans.

#### NOTE 14 - POSTEMPLOYMENT BENEFITS OTHER THAN PENSION (OPEB) PLANS

The Town and School each administer a single-employer defined benefit other postemployment plan to provide health care benefits to certain employees and elected officials under the provisions of the Retirement System of the Town of Collierville i.e. Town of Collierville, Tennessee Other Postemployment Benefit Plan and Collierville Schools Other Postemployment Benefit Plan.

- I. Town of Collierville, Tennessee Other Postemployment Benefit Plan ("Town OPEB Plan")

   Certain employees and elected officials who have at least ten (10) years of continuous and creditable service and who have attained the age of sixty; or who have completed thirty years of continuous and creditable service and participate in the healthcare plan are eligible to participate in the OPEB plan and.
- II. Collierville Schools Employee Benefit Plan ("School OPEB Plan") Employees who retire from the School and qualify for retirement under the TCRS may be eligible for the plan. Eligible employees must complete fifteen (15) years of continuous service must be with Collierville Schools. Those who are former employees of Shelby County Schools or Memphis City Schools must have fifteen (15) years of continuous service Collierville, Shelby County, and/or Memphis City Schools prior to retirement. New employees are not eligible for benefits if employed after July 1, 2018. Eligible employees must be enrolled in a Collierville Schools health insurance plan for one (1) year immediately before the retirement date.

The plans are considered part of the Town's financial reporting entity and are included in the Town's financial reports as OPEB trust funds. The Town does not issue a stand-alone financial report for either plan. Benefits provided including coverage, eligibility, and contribution requirements of the Town OPEB plan and School OPEB plan are established and may be amended only by the Board of Mayor and Aldermen and Board of Education, respectively, at any time, for any reason.

#### A. General Information about the OPEB Plans

#### Benefits Provided

The Town OPEB plan provides a continuation of medical coverage for eligible retirees and their eligible dependents until the retiree and/or spouse reaches the age of sixty-five (65) or becomes eligible for Medicare insurance, whichever comes first. Upon reaching the age of sixty-five or becoming eligible for Medicare insurance coverage under this plan will cease. Eligible dependent children will be covered to age 25.

The premium charged will be a percentage of the group rate and will be based on age and years of continuous service. The group rate will be determined by the plan cost annually. Town at that time will either provide a Medicare supplement plan or reimburse the retiree for a supplemental plan at the Town's discretion, at a rate determined by the Town on an annual basis.

The School OPEB plan provides healthcare for retirees and their dependents. Benefits are provided through a third-party insurer. Retirees with 25 years of service may continue to participate in the School's plan options that are available to its active employees for life. Retirees with 10 to 25 years of services will receive a monthly stipend of \$300 to \$600.

#### Employees Covered by Benefit Terms

At July 1, 2018 and July 1, 2016, the Town and School's membership consisted of:

|  | Town      | School    |
|--|-----------|-----------|
|  | OPEB Plan | OPEB Plan |
| Inactive employees or beneficiaries currently receiving benefits | 63        | 44        |
| Inactive employees entitled to but not yet receiving benefits    | -         | 12        |
| Active employees   | 519       | 307       |
|  | 582       | 363       |

#### **Contributions**

The Town has adopted a contributory OPEB plan for its employees requiring employee contributions to be made in accordance with the employee's age and employment status. The Town is required to contribute the remaining amounts to meet the minimum funding requirement, which is calculated at an actuarially determined rate. The Town's actuarially determined contribution and member contributions are expected to finance the costs of benefits earned by members during the year, the cost of administration, as well as an amortized portion of any unfunded liability.

The School has adopted a non-contributory OPEB plan for its employees. Employer contributions are based on an actuarially determined rate. The School's intent is to partially fund the actuarial determined contribution and pay for the pay-go costs from the general purpose school fund until the Trust balance is sufficient to meet future benefit payments.

Employer contributions to each plan for the year ended June 30, 2018 were as follows:

|   |     | Town      |           | School  |  |
|---|-----|-----------|-----------|---------|--|
|   | _ O | PEB Plan  | OPEB Plan |         |  |
| Actuarially determined contribution                       | \$  | 552,454   | \$        | 735,990 |  |
| Employer contributions                                    |     | 656,482   |           | 691,765 |  |
| Contribution deficiency (excess)                          |     | (104,028) |           | 44,225  |  |
| Employer contributions as a percentage of covered payroll |     | 2.54%     |           | 3.46%   |  |

#### **B.** Actuarial Assumptions

Actuarial valuations for the Town and School OPEB plans involve estimates of the value of reported amounts and assumptions about the probability of events far into the future. As such, the actuarial calculations of the OPEB plans reflect a long-term perspective. Actuarially determined amounts are subject to continual revision as results are compared to past expectations and new estimated are made about the future.

#### Town Administered OPEB Plan

The total OPEB liability for the as of the June 30, 2018 measurement date was determined by an actuarial valuation as of that date using the following actuarial assumptions and the entry age normal level percent of pay actuarial cost method.

Inflation 2.5% Salary increases 3.5%

Investment rate of return 7.5%, net of investment expense, including inflation Mortality table RP-2000 with 2% load for expected mortality

improvement

Health care cost trend rate 8.0% initial rate, 4.0% ultimate rate, 9 year grading period

#### School Administered OPEB Plan

The total OPEB liability was determined by an actuarial valuation as of July 1, 2017 using the entry age normal level percent of pay actuarial cost method, applied to all periods included in the measurement period and rolled forward to the measurement date of June 30, 2018 with the following assumptions:

Inflation 3.0%

Salary increases Payroll growth including general wage inflation plus

merit/productivity increases from 0% to 7.75% based on

the TCRS valuation as of June 30, 2016

Investment rate of return 7.5%, net of investment expense, including inflation

Mortality table SOA RPH-2017 Total Dataset Mortality Table fully

generational using Scale MP-2017

Health care cost trend rate 8.5% initial rate, 5.0% ultimate rate, 8 year grading period

#### Changes of Assumptions

In 2018, the following School OPEB assumptions included a decrease in the discount rate from 8.0% to 7.5% to reflect the long-term expected rate of return for the TSBA OPEB Trust resulting in an increase in liabilities.

#### Town Investment Policy

The Town's policy in regard to allocation of invested assets is established and may be amended by the Retirement Plan Committee. The Town has developed a flexible investment policy based on modern portfolio theory. The investment policy does no specifically limit the amount of investment in individual or aggregate investments based on the credit rating of the investment. The investment policy seeks to earn an average annual return of 7.5% over a minimum of a 10-year period. The long-term rate of return on OPEB plan investments is based on historical returns by asset class consistent with the investment policy.

The target allocation and best estimates of arithmetic real rates of return, before inflation, for each major asset class are summarized in the following table:

| Asset Class  | Target<br>Allocation | Long-Term Expected Real Rate |
|--------------|----------------------|------------------------------|
|              |                      | of Return                    |
| Cash         | 1%                   | 2.00%                        |
| Fixed income | 34%                  | 2.81%                        |
| Equity       | 60%                  | 6.60%                        |
| Real estate  | 5%                   | 5.00%                        |
|              | 100%                 | 5.19%                        |

#### **School Investment Policy**

Collierville Schools has placed funds with the Tennessee School Board Association OPEB Trust ("TSBA OPEB Trust") to be used to pre-fund a portion of the OPEB liability. The assets of the TSBA OPEB Trust are commingled with other participant's funds for investment purposes, but are held in an irrevocable trust for each plan participant and may be used only for the payment of benefits to the members of the plan in accordance with the terms of their plan. The TSBA OPEB Trust's policy in regard to allocation of invested assets is established and may be amended by the TSBA OPEB Trust Board of Trustees by a majority vote of its members. The TSBA OPEB Trust obtains an annual audit, which may be obtained from the TSBA at 525 Brick Church Park Drive, Nashville, TN 37207; however, the audit for the year ended June 30, 2018 was not available from other auditors as of the date of this report.

It is the policy of the TSBA OPEB Trust Board to pursue an investment strategy that reduces risk through prudent diversification of the portfolio across a broad selection of distinct asset classes. The investment policy discourages the use of cash equivalents, except for liquidity purposes, and aims to refrain from dramatically shifting asset class allocations over short time spans. The long-term expected rate of return on OPEB plan investments was determined using a building block method in which expected future rates of return are developed for each major asset class. These expected future rates of return are then combined to produce the long-term expected rate of return by weighting them based on the target asset allocation percentage.

The best estimates of arithmetic real rates of return for each major asset class included in the target asset allocation as of June 30, 2018 is summarized as follows:

| Asset Class                           | Target<br>Allocation | Long-Term<br>Expected Real Rate |
|---------------------------------------|----------------------|---------------------------------|
|                                       |                      | of Return                       |
| US equity                             | 42%                  | 9.36%                           |
| Developed market international equity | 18%                  | 7.78%                           |
| Emerging market international equity  | 5%                   | 11.4%                           |
| Fixed income                          | 35%                  | 4.69%                           |
|                                       | 100%                 | 7.55%                           |

#### Rate of Return

For the year ended June 30, 2018, the annual money-weighted rate of return on Town and School investments was 6.82% percent and 8.26%, respectively. The money-weighted rate of return expresses investment performance, net of investment expense, adjusted for the changing amounts actually invested.

#### Discount Rate Information

The discount rate used in valuing OPEB liabilities in funded plans as of the measurement date must be based on the long-term expected rate of return on OPEB plan investments that are expected to be used to finance future benefit payments to the extent that they are sufficient to pay for projected benefit payments and the OPEB plan assets are invested using a strategy that will achieve that return. When the OPEB plan investments are insufficient to cover future benefit payments, a yield for 20-year tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher (or equivalent quality on another rating scale) must be used.

The discount rate used to measure the total OPEB liability for the Town OPEB plan and School OPEB plan was 7.5% for each plan. The discount rate for the Town OPEB plan is based on the long-term rate of return on the OPEB plan investments. The discount rate for the School's unfunded OPEB plan is based on the long-term rate of return on School OPEB plan investments with the assumption that the School will eventually pay the pay-go costs out of the OPEB Trust at the time the Trust is expected to be sufficient to finance all future benefit payments.

### C. Net OPEB Liability

The components of the Town's net OPEB liability at June 30, 2018, were as follows:

|   | Ol   | Town<br>PEB Plan | C  | School<br>OPEB Plan |  |  |
|---|------|------------------|----|---------------------|--|--|
| Total OPEB Liability                      |      |                  |    |                     |  |  |
| Service cost                              | \$   | 364,730          | \$ | 72,072              |  |  |
| Interest                                  |      | 721,220          |    | 517,593             |  |  |
| Changes of benefit terms                  |      | -                |    | -                   |  |  |
| Differences between expected              |      |                  |    |                     |  |  |
| and actual experience                     | (    | (1,992,284)      |    | 586,465             |  |  |
| Changes in assumptions                    |      | -                |    | 339,998             |  |  |
| Benefit payments, including refunds       |      | (386,217)        |    | (466,765)           |  |  |
| Net change in total OPEB liability        | (    | (1,292,551)      |    | 1,049,363           |  |  |
| Total OPEB liability - beginning          |      | 9,627,014        |    | 6,626,729           |  |  |
| Total OPEB liability - ending             |      | 8,334,463        |    | 7,676,092           |  |  |
| Plan Fiduciary Net Position               |      |                  |    |                     |  |  |
| Contributions - employer                  |      | 656,482          |    | 691,765             |  |  |
| Contributions - employee                  |      | 102,610          |    | -                   |  |  |
| Net investment income                     |      | 897,564          |    | 91,298              |  |  |
| Benefit payments                          |      | (386,217)        |    | (466,765)           |  |  |
| Administrative expense                    |      | (41,553)         |    | (13,357)            |  |  |
| Net change in plan fiduciary net position |      | 1,228,886        |    | 302,941             |  |  |

| Plan fiduciary net position -ending       | 1    | 3,376,413        |    | 1,165,126           |  |  |
| Net OPEB liability (asset)                | \$ ( | (5,041,950)      | \$ | 6,510,966           |  |  |

## Sensitivity of the Net OPEB Liability (Asset) to Changes in the Discount Rate

The following presents the Town and School's net OPEB liability (asset) calculated using the current discount rate of 7.5%, as well as what the net OPEB liability (asset) would be if it were calculated using a discount rate that is 1-percentage-point lower or 1-percentage-point higher than the current rate:

|                            | _Current Rate_ | 1% Decrease    | Current Rate   | 1% Increase    |
|----------------------------|----------------|----------------|----------------|----------------|
| Net OPEB liability (asset) |                |                |                |                |
| Town OPEB Plan             | 7.50%          | \$ (4,120,718) | \$ (5,041,950) | \$ (5,831,943) |
| School OPEB Plan           | 7.50%          | \$ 7,279,192   | \$ 6,510,966   | \$ 5,856,513   |

#### Sensitivity of the Net OPEB Liability (Asset) to Changes in the Healthcare Cost Trend Rate

The following presents the Town and School's net OPEB liability (asset) calculated using the current healthcare cost trend rate (Town - 8% decreasing to 4% and School - 8.5% decreasing to 5%) as well as what the net OPEB liability (asset) would be if it were calculated using a discount rate that is 1-percentage-point lower or 1-percentage-point higher than the current rate:

|                            | _Current Rate_ | 1% Decrease    | Current Rate   | 1% Increase    |
|----------------------------|----------------|----------------|----------------|----------------|
| Net OPEB liability (asset) |                |                |                |                |
| Town OPEB Plan             | 8.0% to 4%     | \$ (5,995,137) | \$ (5,041,950) | \$ (4,630,726) |
| School OPEB Plan           | 8.5% to 5%     | \$ 5,789,871   | \$ 6,510,966   | \$ 7,361,854   |

# D. OPEB Expense, Deferred Outflows of Resources, and Deferred Inflows of Resources Related to OPEB

For the year ended June 30, 2018, the Town and School reported OPEB expense, deferred outflows of resources, and deferred inflows of resources related to each OPEB plan from the following sources:

|  |    | Town<br>PEB Plan | 0  | School<br>OPEB Plan |  |
|--|----|------------------|----|---------------------|--|
| OPEB (negative) expense                            | \$ | 107,868          | \$ | 508,367             |  |
| Deferred Outflows of Resources                     |    |                  |    |                     |  |
| Differences between expected and actual experience | \$ | 10,890           | \$ | 130,980             |  |
| Net difference between projected and actual        |    |                  |    |                     |  |
| earnings on plan investments                       |    | -                |    | -                   |  |
| Changes in assumptions                             |    |                  |    | -                   |  |
|  | \$ | 10,890           | \$ | 130,980             |  |
| Deferred Inflows of Resources                      |    |                  |    |                     |  |
| Differences between expected and actual experience | \$ | 1,839,031        | \$ | -                   |  |
| Net difference between projected and actual        |    |                  |    |                     |  |
| earnings on plan investments                       |    | 165,840          |    | 35,978              |  |
| Changes in assumptions                             |    | -                |    | 22,417              |  |
|  | \$ | 2,004,871        | \$ | 58,395              |  |

Amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows for the years ending June 30:

|            | Town |             | School |          |
|------------|------|-------------|--------|----------|
|            | O    | PEB Plan    | OF     | PEB Plan |
| 2019       | \$   | (209,272)   | \$     | (22,198) |
| 2020       |      | (209,271)   |        | (22,198) |
| 2021       |      | (209,271)   |        | (22,199) |
| 2022       |      | (147,077)   |        | (15,233) |
| 2023       |      | (152,263)   |        | 154,413  |
| Thereafter |      | (1,066,827) |        | -        |

#### **NOTE 15 - COMMITMENTS AND CONTINGENCIES**

#### **Operating Lease Revenues**

Effective July 1, 2016, the Collierville Schools entered into a three year operating lease for computer equipment to be used in the classrooms. Lease expense was \$725,906 for fiscal year 2018. The future lease commitment is \$725,906 for the next fiscal year.

#### Contracts

The Town has an agreement with the City of Memphis ("Memphis") whereby as a means of resolving various annexation issues regarding the Town's Reserve Areas, the parties agreed to various conditions on future annexations. As a condition of the agreement, the Town agreed that it will share with Memphis for a period of twenty years beginning June 26, 2000, fifty percent of wholesale beer and local sales tax revenue derived from businesses and transactions located on and within the area described as Gallina. For the year ended June 30, 2018, such amount totaled to \$520,484.

#### Legal Contingencies

The Town is a defendant in various lawsuits arising in the ordinary course of operations from those seeking awards for property damage and personal injury, contesting its taxing authority, and questioning certain personnel practices and policies. Although the outcome of these lawsuits is not presently determinable, it is the opinion of the Town's administration that the ultimate settlement of these matters should be covered by liability insurance and should not materially affect the financial condition of the Town.

#### **Environmental Protection Agency**

The Town is potentially liable for Environmental Protection Agency ("EPA") clean up on land sold in a prior year to a corporation operating a manufacturing plan on such property. The corporation has been responsible for all cleanup costs and continues to maintain compliance with the EPA.

#### **NOTE 16 – RISK MANAGEMENT**

#### Insurance Other Than Health Insurance

The Town is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; and natural disasters. The Town considers it more economically feasible to participate in a public entity risk pool as opposed to purchasing commercial insurance for certain general liability, workers' compensation, and property and casualty insurance. As such, the Town participates in the Tennessee Municipal League Risk Management Pool (TML), which is a public entity risk pool consisting of member political subdivisions of the State of Tennessee. The Town pays an annual premium to the TML pool. Each political subdivision that participates in the TML pool is subject to assessment if the funds it paid as premiums are insufficient to meet the obligations of the TML pool. The TML pool may reinsure through the Local Government Reinsurance Fund of Tennessee or a commercial insurance company. The Town continues to carry commercial insurance for all other risks of loss, including certain general liability and property and casualty insurance.

The Town has not incurred any losses in excess of commercial insurance coverage for the past three fiscal years. Liabilities are reported when it is probable that a loss has occurred and the amount of the loss can be reasonably estimated.

#### Health Insurance

The Town of Collierville and the Collierville Schools participate in the Interlocal Health Benefits Plan Asset Trust in order to reduce costs of benefit plan administration and lower premium rates related to healthcare benefits. The Interlocal Health Plan is accounted for as a public entity risk pool but operates solely as a risk-sharing pool. Benefits and premium requirements are established and may be amended by an insurance committee. Members have the option of choosing between a Health Reimbursement Account (HRA) option, an Exclusive Provider Organization (EPO) option, and a basic option for healthcare benefits. The plan is self-insured and financed on a pay-as-you-go basis with the risk shared equally among the participants. Claims liabilities of the plan are periodically computed using actuarial and statistical techniques to establish premium rates. The employers in each plan develop a contribution policy in term of subsidizing active employees or retired employees' premiums since the committee is not prescriptive on that issue. The plan has a separately issued Comprehensive Annual Report (CAFR) and can be found on the state's website at http://www.comptroller.tn.gov/RA\_MA\_Financial/.

The Town and the School are only liable for their portion of plan premiums plus any outstanding capital requirements from the Interlocal Health Plan. The liability for any incurred-but-not-reported claims is borne by the Interlocal Health Plan and not by the individual members. During the year ended June 30, 2018, the Town of Collierville and the Collierville Schools contributed premiums of \$6,627,162 and \$6,108,473 respectively to the Interlocal Health Benefits Plan Asset Trust.

#### **NOTE 1 - VALUATION DATE**

Actuarially determined contribution rates are calculated as of July 1, as of the beginning of the fiscal year in which the contributions are reported

#### NOTE 2 - METHODS AND ASSUMPTIONS USED TO DETERMINE CONTRIBUTION RATES

Actuarial cost method Frozen initial liability

Amortization method Level dollar, closed (not to exceed 20 years)

Remaining amortization period 20 years

Asset valuation method 5-year smoothed market rate

Inflation 2.5%

Salary increases 4.0%, including inflation

Investment rate of return

Retirement age

Age 62 or the completion of the 10 years of service if later

Mortality

RP-2000 with a 2.0% load for expected mortality improvement

Mortality T-3 The Actuary's Pension Handbook

#### **DELINQUENT PROPERTY TAXES**

Uncollected taxes for years prior to 2006 have been charged off for financial reporting purposes. Such amounts are not significant. Uncollected taxes for tax years prior to 2016 have been turned over to Chancery Court for collection. Property taxes in 2018 are included in deferred inflow of resources in accordance with GASB No.'s 33 and 36, as amended by GASB No. 63.

### **Statistical Section**

This part of the Town of Collierville's comprehensive annual financial report represents detailed information as a context for understanding what he information in the financial statements, note disclosures, and required supplementary information says about the Town's overall financial health.

### **Contents**

### Financial Trends (Schedules 1, 2, 3, 4, 5)

139

These schedules contain trend information to help the reader understand how the Town's financial performance and well-being have changed over time.

### **Revenue Capacity (Schedules 6, 7, 8, 9, 10, 11)**

146

These schedules contain information to help the reader assess the factors affecting the Town's ability to generate its property and sales tax.

### **Debt Capacity (Schedules 12, 13, 14, 15)**

152

These schedules present information to help the reader assess the affordability of the Town's current levels of outstanding debt and the Town's ability to issue additional debt in the future. The Town has no legal debt limit.

### **Demographic and Economic Information (Schedules 16, 17)**

156

These schedules offer demographic and economic indicators to help the reader understand the environment within which the Town's financial activities take place and the help comparisons over time and with other governments.

#### **Operating Information (Schedules 18, 19, 20, 21)**

158

The schedules contain information about the Town's operations and resources to help the reader understand how the Town's financial information relates to the services the Town provides and the activities it performs.

Sources: Unless otherwise noted, the inofrmation in these schedules is derived from the comprehensive annual financial reports for the relevant year. The Town implemented Statement 34 in 2003; schedules presenting government-wide information include information beginning in that year.

| Debt service as a percentage of noncapital expenditures <sup>b</sup> | 15.5%          | 10.7%                           | 10.0%          | 9.6%         | 8.9%        | 9.1%            | 4.0%         | 3.7%           | 7.6%            | 6.8%         |

<sup>&</sup>lt;sup>a</sup> Capital projects amount consists of major capital projects.

It does not include capital expenditures reported in the various functional categories of "current expenditures".

<sup>&</sup>lt;sup>b</sup> For fiscal years 2003 through 2011 the calculation ratio of total debt services expenditures to noncapital expenditures was revised to include only the principal and interest components of debt service expenditures as of the 2012 report. For fiscal years 2007 and after, debt service percentage is calculated using total capital expenditures. For fiscal year 2009, \$2.89 million in bond anticipation notes were paid off with proceeds from bonds issued in that year.

<sup>&</sup>lt;sup>c</sup> For fiscal years 2011 and after bond premium costs are reported as a separate line item.

<sup>&</sup>lt;sup>d</sup> In fiscal year 2016 the Town had three General Obligation Bond issuances. The most significant was for \$93,485,000 at a premium of \$6,104,228 for the construction of a new high school.

## SCHEDULE 6 TOWN OF COLLIERVILLE TAX REVENUE BY SOURCE, GOVERNMENTAL FUNDS

**Notes:** Property in Shelby County is reassessed every four years. The county assesses property at 25 percent of actual value for residential and farm property, 40 percent for commercial and industrial property, 0 to 40 percent for multiple property and 30 percent for personal property. Tax rates are per \$100 of assessed value.

**Note:** The Town's property tax rate may be increased by a majority vote of the Board of Mayor and Aldermen on three readings, one of which is a public hearing.

<sup>&</sup>lt;sup>a</sup> The overlapping rate is that of the county government that applies to property owners in the Town of Collierville. Source: Shelby County Assessor's office.

<sup>&</sup>lt;sup>b</sup> The Parks Improvement portion of the direct rate is an assignment of funds by the Board of Mayor and Aldermen and not a legal restriction on taxes levied.

**Source:** Shelby County Assessor's Office

<sup>&</sup>lt;sup>a</sup> Initial certified levy before Board of Appeals adjustments and other change orders.

<sup>&</sup>lt;sup>b</sup> Adjustments include change orders and new bills.

<sup>&</sup>lt;sup>c</sup> Beginning with the CAFR for the year ended June 30, 2012, this schedule has been revised to net refunds and returned checks from collections.

### SCHEDULE 11 TOWN OF COLLIERVILLE DIRECT AND OVERLAPPING SALES TAX RATES

Last Ten Fiscal Years

| Fiscal | Town<br>Direct | State of                      |
|--------|----------------|-------------------------------|
| Year   | Rate           | <b>Tennessee</b> <sup>a</sup> |
| 2009   | 2.25           | 7.00                          |
| 2010   | 2.25           | 7.00                          |
| 2011   | 2.25           | 7.00                          |
| 2012   | 2.25           | 7.00                          |
| 2013   | 2.75           | 7.00                          |
| 2014   | 2.75           | 7.00                          |
| 2015   | 2.75           | 7.00                          |
| 2016   | 2.75           | 7.00                          |
| 2017   | 2.75           | 7.00                          |
| 2018   | 2.75           | 7.00                          |

**Note:** The town sales tax rate may be changed only with the approval of the state legislature.

<sup>&</sup>lt;sup>a</sup> The overlapping rate is that of the state government that applies to sales within the Town. The state rate was increased by 1% in FY 2004. The rate on food items has had several incremental adjustments, and as of July 1, 2017 is 4%.

| Total direct and overlapping debt |                |                    |                                       | \$   | 205,323 |  |  |

**Sources:** Assessed value data used to estimate applicable percentages provided by the Shelby County Assessor's office. Debt outstanding provided by each governmental unit.

**Note:** Overlapping governments are those that coincide with the geographic boundaries of the Town. This schedule estimates the portion of the outstanding debt of those overlapping governments that is borne by the residents and businesses of Collierville. This process recognizes that, when considering the town's ability to issue and repay long-term debt, the entire debt burden borne by the residents and businesses should be taken into account.

Sources: Various town departments.

### **Notes:**

<sup>&</sup>lt;sup>a</sup>The Police Department measures are by calendar year.

<sup>&</sup>lt;sup>b</sup>Household garbage only. Junk and yard waste is not included.

<sup>&</sup>lt;sup>c</sup>The first year for tracking of this data.

<sup>&</sup>lt;sup>d</sup>Beginning in 2017, sidewalk maintenance is the responsibilty of the property owner, therefore the Town no longer tracks this number.

### SCHEDULE 20 TOWN OF COLLIERVILLE CAPITAL ASSET STATISTICS BY FUNCTION/PROGRAM,

Last Ten Fiscal Years

Sources: Various town departments.

#### **Notes:**

<sup>&</sup>lt;sup>a</sup>Recycling operations were contracted out during 2011. The Town resumed operations in FY 2013.

<sup>&</sup>lt;sup>b</sup>Includes Department owned wetlands.

<sup>&</sup>lt;sup>c</sup>Includes new Hinton Park facility.

<sup>&</sup>lt;sup>d</sup>In 2011, water storage capacity increased due to expansion of Waste Water Treatment Plant 2.

<sup>&</sup>lt;sup>e</sup>In 2014, the Town received 8 schools from Shelby County in a transfer of operations. The Collierville Schools opened to students in August 2014.

## TOWN OF COLLIERVILLE, TENNESSEE NOTES TO THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS AND STATE FINANCIAL ASSISTANCE

For the Year Ended June 30, 2018

#### **NOTE A – BASIS OF PRESENTATION**

The accompanying schedule of expenditures of federal awards and state financial assistance (the Schedule) includes the federal and state grant activity of the Town of Collierville, Tennessee (the Town) under programs of the federal government for the year ended June 30, 2018. The information in this Schedule is presented in accordance with the requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Costs Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of the Town, it is not intended to and does not present the financial position, changes in net assets, or cash flows of the Town.

#### NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

- 1) Expenditures reported on the Schedule are reported on the accrual basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, as applicable, wherein certain types of expenditures are not allowable or are limited as to reimbursement.
- 2) Pass-through entity identifying numbers are presented where available.
- 3) There were no federal awards passed through to subrecipients.
- 4) The Town has elected not to use the de minimis indirect cost rate as allowed under the Uniform Guidance.

### NOTE C – RECONCILIATION OF THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS AND STATE FINANCIAL ASSISTANCE TO THE FINANCIAL STATEMENTS

The following is a reconciliation of expenditures per the schedule of expenditures of federal awards and state financial assistance to the revenue balances in the Town's financial statements.

| Total grant revenue per governmental funds financial statements | \$<br>4,668,311 |
|---|-----------------|
| Collierville Schools federal awards and state assistance        | (4,197,526)     |
| Change in unavailable revenue                                   | 197,625         |
| Non-federal and non-state grants and awards                     | <br>(8,913)     |
| Total federal awards and state financial assistance             | \$<br>659,497   |
|   |                 |

# INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Mayor and Board of Aldermen of the Town of Collierville, Tennessee:

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund, the statements of budgetary comparison for the general fund and general purpose school fund, and the aggregate remaining fund information of the Town of ColliervilleTown of Collierville, Tennessee (the "Town"), as of and for the year ended June 30, 2018, and the related notes to the financial statements, which collectively comprise the Town's basic financial statements, and have issued our report thereon dated December 21, 2018. Our report includes a reference to other auditors who audited the financial statements of the Board of Education of Collierville Schools, (the "Schools"), as described in our report on the Town's financial statements. This report does not include the results of the other auditors testing of internal control over financial reporting and compliance and other matters that are reported on separately by those other auditors.

### **Internal Control over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the Town's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Town's internal control. Accordingly, we do not express an opinion on the effectiveness of the Town's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. Given these limitations, during out audit, we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that were not identified.

### **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the Town's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

### **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Town's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Town's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
