

Tennessee One Call

Call Before You Dig

1-800-351-1111

Or

811

Think again. 40% of active diggers don't contact 811 before digging because they think their project is too shallow to require it.

The truth is, utilities can be buried just inches below the surface. The only way to know for sure is to contact 811 before ANY digging project. Contact 811 before you dig.
