### INSTRUCTIONS FOR SUBMITTING AN APPLICATION:

- **STEP 1 - PRE-APPLICATION CONFERENCE (OPTIONAL FOR MOST CASES):** Contact the Staff at 901-457-2360 to schedule a Pre-application Conference (suggested and provided by staff as a service, but not required prior to application). These meetings are typically every Tuesday afternoon from 1:00 pm to 5:00 pm. See back of this document for additional information.
- **STEP 2 - DETERMINE APPLICATION TYPE AND REVIEW PROCESSES:** Once you know your application type, use the table below to determine what level of staff review is needed and which Town Board or Commission has a roll in processing the application type.
- **STEP 3 - DETERMINE REVIEW CYCLE(S):** Based on the processes outlined in Steps 1 and 2, and thinking of your ideal time frame, determine your ideal Public Review cycle using the table below and "work backwards" to determine your submittal date.
- **STEP 4 - DETERMINE SUBMITTAL REQUIREMENTS:** Consult each applicable checklist to determine which items need to be submitted, which is dependent on the phase of review (staff, public, post-approval, etc). See back of this document for additional information.

**Footnotes:**

- (a) The review cycles shown are the “best case” scenario. There are aspects of the planning process that are outside of the Town’s control. Some application types, such as “Major” Subdivisions and Site Plans, which require a preliminary approval before a final approval is given, will need to complete two (2) complete review cycles before Final Plats can be recorded or building permits are issued. Consult the applicable flowchart for more information.
- (b) Full Staff review is required before applicants can apply for Public Review. “Full staff review” means that the Departmental Review Team (DRT) reviews the application. The DRT is composed of designated representatives from the following departments and divisions: Development Department (Building, Codes, Engineering, Planning), Fire Administration (Fire Marshal), Parks and Recreation, Police, Public Services, and Finance. Its primary purpose is best described as “a resource” for the Town Planner and Development Director in the formulation of staff recommendations for the PC and BMA. The DRT reviews and formulates staff comments/recommendations for any applications pending before the Planning Commission. The DRT also reviews Final Site Plans and provides comments to the Development Director related to the Development Agreement Process. The DRT meets twice a month in an internal staff meeting conducted by the Town Planner. Applicants/developers are not expected to, and should not, attend this meeting. An opportunity will be extended to meet with staff after the DRT comments are released. The DRT does not take a formal vote and does not approve applications. Based on the DRT’s feedback, staff will issue correspondence to the applicant to describe any changes/information needed and the applicant’s next steps. The applicant can then decide to either request DRT review again (encouraged when there are lots of staff comments) or submit information for public review (PC, BMA, DRC, HDC). Full DRT review is required for Final Plats (Minor) when subdivision infrastructure is needed. PC review is not required for Final Site Plans). If more than one DRT cycle is needed, re-review fees will apply.
- (c) This is the date to apply for the next available PC agenda. Many cases going before the PC will have already been reviewed in some way prior to this date. Preliminary Site Plans, Preliminary Subdivision Plats, Sketch Plats, and some Minor Final Plats must undergo full Staff (DRT) review **before** applying for PC review. Submit to the DRT far enough in advance of the PC to make any needed revisions before the PC deadline. Land Use Plan Amendments require advertisement 30 days prior to the PC meeting and must be submitted 45 days in advance of the PC meeting to allow for proper notice. Planned Developments (New) or Planned Development Amendment (Major) must be submitted 60 days prior to the PC meeting to allow time for affected departments to review the application. Conditional Use Permit (CUPs), Rezoning, and Final Subdivision Plats (Major or Minor) without new infrastructure can be submitted on this date as they do not undergo Full Staff (DRT) review.
- (d) For construction plans (Final Site Plans & Subdivision Infrastructure), the applicant/developer must sign and return the Development Agreement at least two weeks in advance of BMA meeting date. Failure to do so will be grounds for removing the Development Agreement from the BMA’s agenda. The Town Administrator sets the BMA’s agenda.
- (e) This date has been adjusted from the normal schedule to avoid conflicts with Town holidays.
- (f) The HDC meeting dates are shown prior to the PC meeting in the public review cycle to allow both the PC & BMA the benefit of the HDC’s review prior to making a decision that could affect the Historic District.
- (g) For items that require full Staff review (DRT review), the applicable review cycle is based on when the application is submitted. Submittals received on or before the 15th day in a month will be reviewed by Staff by the middle of the next month; submittals after the 15th day in a month will be reviewed by Staff by the end of the next month. If a cycle deadline occurs over the weekend or during holiday, applicants must submit in advance of the deadline to be within the review cycle. For items that only require minor Staff review (DRT review is not needed), allow approximately 10 business days for review of the application before comments are issued.
- (h) Planned Developments must be revised to reflect any conditions recommended by the PC and HDC/DRC before the applications are placed on the BMA agenda for consideration. This means that such cases are usually heard by the BMA the month following PC review to allow the applicant time to make the revisions and allow staff time to review the revised application before it is forwarded to the BMA.
- (i) Most Site Plan Modification/Exterior Alterations are reviewed and approved administratively by staff. Staff cannot approve request that do not comply with the applicable Design Guidelines (HDC or DRC). Applicants can appeal staff decisions/interpretations of, or waivers from, the Guidelines for either the HDC or DRC (and BMA). Appeals of staff decisions related to regulations found in the Zoning Ordinance are heard by the BZA.
- (j) For Subdivision Infrastructure Construction Drawings and Final Site Plans, a Development Agreement will be required if there is public or private infrastructure for which security is required. Some Site Plan Modifications require Development Agreements. In some cases, Development Agreements can be executed by the Mayor without review/approval of the entire BMA (see Subdivision Regulations and Zoning Ordinance for criteria).
- (k) For deadline dates for BZA Variances & Appeals of Staff Decisions, Site Plan Modification/Exterior Alterations, Certificates of Appropriateness (CofA) in the Historic District, and DRC items (open space, fences, appeals of Staff decisions), see separate calendar for the DRC, HDC, or BZA, as applicable.

**STEP 4 - DETERMINE SUBMITTAL REQUIREMENTS**

**What should I submit? Do fees apply?** Consult the appropriate checklist and forms online: <https://www.collierville.gov/government/town-departments/development/planning/regulations-forms-and-deadlines/applications-checklists-and-forms>.

**When and where to apply?** Complete applications (and properly folded plans) shall be submitted to the Planning Division located at 500 Poplar View Parkway by the close of business on the day of the deadline. Applications can also be submitted here: <https://collierville.portal.iworq.net/portalhome/collierville>

**ADDITIONAL INFORMATION**

**Pre-Application Conferences Recommended:** Prior to submitting any application, the prospective applicant should meet with Development Department staff for a “Pre-application Conference”. The primary purpose of the meeting is for Staff to explain the applicable submittal requirements, deadlines, meeting dates, applicable permits, public notice requirements, and applicable review fees prior to the applicant submitting a formal application. Time permitting, staff will offer feedback on the proposed design; however, any comments provided do not constitute a thorough staff review. Additional staff comments are to be expected. Pre-application Conferences are typically scheduled every Tuesday afternoon from 1:00 pm to 5:00 pm at the Development Department located at Town Hall. Each meeting is usually an hour long. A Pre-application Conference can be scheduled by contacting the Planning Division at (901) 457-2360. The planner you meet with during the Pre-application Conference will likely be your “Project Planner,” who will be your liaison through the process.

**Sufficiency Reviews:** Within three (3) full business days of the application, staff will perform a sufficiency review and notify the applicant as to whether or not the application was complete/sufficient for review and/or placement on a public meeting agenda.

**Staff Reports Posted Online:** A PC, DRC, HDC, or BZA staff report will be posted online typically by 5:00 pm on the Friday before the scheduled public meeting at the following location: <https://www.collierville.gov/government/fe-test-twocolreversetemplate> BMA staff reports are usually released the Tuesday prior to the BMA meeting.

**Withdrawals/Deferrals:** Applicants must notify the Project Planner in writing if they wish to defer or withdraw the item. After an item has been published in the newspaper and notices sent out, deferral fees will apply. There is no charge for deferring/withdrawing an item before it is advertised.

**Public Meeting Times:** All meetings are held in the James H. Lewellen Board Chambers of Town Hall at 500 Poplar View Parkway, unless otherwise advertised. Meeting dates, times, and application deadlines are subject to change. For additional information call (901) 457-2360.

- PC meetings will be held at 6:00 pm on the **FIRST** Thursday of each month (except in January, PC Meeting will be held on the first Tuesday and July, PC Meeting will be held on the second Tuesday to avoid conflict with Town holidays).
- DRC meetings will be held at 5:00 pm on the **SECOND** Thursday of each month.
- BZA meetings will be held at 5:00 pm on the **THIRD** Thursday of each month (except in April, BZA Meeting will be held on the third Tuesday to avoid conflict with Town Holiday).
- HDC meetings will be held at 4:00 pm on the **FOURTH** Thursday of each month (except in November and December HDC meetings will be held on the third Tuesday to avoid conflicts with Town holidays).
- BMA meetings will be held at 6:00 pm on the **SECOND** and **FORTH** Monday of each month (except the BMA usually cancels its second meeting in December to avoid conflicts with Town holidays).
